## Audit Fees

It is required that CMSA conducts Regular Audit (Annual) on every JAS Certified mill to ensure the mill's compliance to JAS Law and the applicable JAS Standard. The audit consists of the **Site Inspection** (verification of the QC system, equipment and personnel, etc. according to the JAS Technical Standard) and the **Product Inspection**.

Audit fees will be based upon the man-day rate (US\$550.00).

In addition, all the travel expenses and all cost incurred for physical tests (as a part of the product inspection).
