

SS-100

“Super Spreader-Sticker”

- Superior spreading enables coverage of virtually any leaf surface.
- Reduces surface tension to an amazing 25 dynes/cm.
- Unsurpassed anti-transpirant that helps plants retain moisture during severe weather.
- The most reliable choice for growers since 1979.

SS-100 is a 60% active non-foaming, latex based spreader-sticker that contains a super wetting agent that allows pesticides to spread on waxy and hairy foliage.

SS-100 excels when used with copper and other pesticides that require a tenacious sticking agent to help withstand periods of intense rainfall or irrigation.

Adjust the rate of SS-100 to the life expectancy of the chemical being applied.

Always follow pesticide manufacturer’s recommendation

CAUTION: CAUSES EYE IRRITATION

Notice: Seller warrants that the product conforms to its chemical description and is reasonably fit for the purpose stated on the label when used in accordance with directions under normal conditions of use, but neither this warranty nor any other warranty of merchantability or fitness for a particular purpose, express or implied, extends to the use, storage or handling of this product contrary to label instructions, or under abnormal conditions, or under conditions not reasonably foreseeable to seller, and buyer assumes the risk of any such use. The risks include, but are not limited to damage to plants, crops and animals to which the material is applied, failure to control pests, damage caused by drift to other plants or crops, and personal injury.

Net Contents: 2.5 Gallons

Principle Functioning Agents:

Ethoxylated Alcohol, Latex, and Dimethylpolysiloxane.

TOTAL Principle Functioning Agents60%

Constituents ineffective as a spray adjuvant.....40%

Exempt from tolerance under EPA 40 CFR 180.1001 (c).

DIRECTIONS FOR USE:	
Chemical Life	Rate of SS-100
Up to 1 week	8 ounces per 100 gallons
Up to 2 weeks	16 ounces per 100 gallons
Up to 3 weeks	24 ounces per 100 gallons
Up to 4 weeks	32 ounces per 100 gallons

To reduce water transpiration: 1-2 gallons per acre.

Manufactured by:
PO Box 12129 Salem, OR 97309-0129
