

## DID YOU KNOW?

Brooks Preschool and Newell Integrated Child Care have been providing excellent early learning services in our community for over 40 years. We are in the same building and have the capability of escorting children to and from both agencies.

We love being able to work with NICCS and being able to save parents the hassle of mid-day transportation.

For more information on preschool or daycare registration...call, email, message or visit our centres. You can also find information by visiting or contacting [Newell Integrated Child Care Society](#)
