Shoshone Basin Cooperative Weed Management Area (SBCWMA)

The SBCWMA began in February 2000. The purpose of this group is to eradicate, contain, control, and prevent non-native invasive plants and noxious weeds on public and private lands in Twin Falls County.

Accomplishments are great when resources and expertise are combined. All landowners, managers, and agency representatives are welcome to participate. Contact Kali Sherrill 208-734-9000.
