

## ANAF Unit 283 Survey

The Executive members of ANAVETS # 283 would like your feedback relating to which events and activities that you, along with your family and friends would like to support at the club!

Our hope as a Veterans club is to expand our clientele by offering a variety of activities that are appealing to our current members, families and friends, while attracting interest from the next generation to ensure the club that we all know, and love can continue strongly into the future.

Attached is a list of ideas that were suggested by our members. Please indicate any that you would like to see and take part in. Additionally, if you can add some ideas of your own this would be tremendously helpful!

**\*\*Please return your survey suggestions to us by May 31st, 2025, so that we may start planning for future activities/events.**

Our thanks to you in advance for your participation!!!

Sincerely,

ANAVETS 283 Special Events/Entertainment Executive
