The Newsletter for the Professional Contractor

Dallan Albrecht, Tony Clapperton, Mark McKenzie, James Tubman, Marko Roselli, & Jeff Davidson brandishing some sharp, shiny tools.

## AN AXE TO GRIND

The Safe DE Team recently gathered for a team building exercise and a bit of fun by throwing axes. Do not get alarmed! The venue was held under controlled conditions and professionally organized at Axe Throwing

Calgary [www.axethrowingcalgary.ca](http://www.axethrowingcalgary.ca) It is sort of like darts only with axes of several different sizes and types in games of skill. The eventual champion was the Safe De Team leader, Jeff Davidson, although, whether we are working or playing we are all going to be winners when it is done with safety in mind. This is an adventure you might want to consider doing at your next corporate outing or just with a group of friends.

## The Q turns XI

Where, When and how many...that is all we need to know...Do you have a team building staff luncheon, customer appreciation, sales promotion, sub-trade appreciation day or special marketing event. This is our 11th Bar DE Que Season and like any veteran, we arrive prepared for almost any situation that Mother Nature can deliver. Our mobile Bar De Que unit arrives at your job site, field operation, show home grand opening, sales office or corporate headquarters and performs a Site Hazard Safety Analysis, then set up our shiny grill, coolers, tables and start cooking!

We started this project as a thank you to our customers and to have a bit of fun in the field, you get a grilled Spolumbo sausage in a fresh Italian roll with a heap of condiments and a selection of non alcoholic beverages for all to enjoy.

You can contact your friendly D&E Sales representative for more detailed information or to book your occasion. You can also contact us by email at the BAR DE QUE Link found on our [website](http://www.delumber.com), under "What's Up" and schedule your Bar DE Que soon.
