ARTICLE II ADMINISTRATION

2.1 Application/Permit Procedure

- 2.1.1 In accordance with the authority granted to the municipality, the Municipality requires that any person wishing to cause an excavation of any public highway shall, on any business day, first obtain, complete and file an application for such purpose with the Road Commissioner or his/her appointed representative.

EXCEPTION: Excavation applications and permits for the following highways only must be obtained from the Maine Department of Transportation, Rockland, Maine, Specifically:

1. U.S. Route 1
2. U.S. Route 1A
3. Route 174
4. North Searsport Rd.

- 2.1.2 The excavation application shall include the following:
1. Name of applicant(s)
 2. Date of application
 3. Address of Applicant
 4. Location of planned excavation (road name and number)
 5. Purpose and description of the excavation
 6. Who will do the excavation and any associated work
 7. Date excavation to start
 8. Date project to be completed
 9. A graphic description of the proposed project
 10. Utilities notified, if required
 11. Location of any nearby churches, business, utility poles, cemeteries
 12. Indicate type of highway surface and estimated area to be excavated
 13. Name and address of insurance carrier providing liability insurance.
- 2.1.3 Following review of the application, the municipal officers may issue an excavation permit.
- 2.1.4 A fee of twenty five dollars (\$25) shall be paid to the municipality for the permit. In addition, charges will be established by the Selectmen or Road Commissioner for surfacing and/or repaving an excavation opening and shall be rendered to the municipality prior to the excavation.
- 2.1.5 There shall be a minimum charge for any highway excavation equivalent to three square yards assessed at the appropriate unit rate cited in 2.1.4
- 2.1.6 The municipality shall maintain a record of all excavation application and permits. Incidental fees paid to the municipality shall be separately accounted and shall constitute a special fund from which the cost of resurfacing and/or repaving shall be appropriated.
- 2.1.7 Any excess fees collected shall be rebated to the applicant (see article IV, section 4.1.2)

ARTICLE III CONDITIONS

- 3.1 The permit may be subject to any one or all of the following conditions.
- 3.1.1 Except for emergency excavations, as defined in 1.4.4, no excavation permits will be issued between October 15 of any given year and April 15 of the following year.
- 3.1.2 Excavations within any highway, which has been paved within the immediately preceding five (5) years, may require additional road opening charges over and above those cited in 2.1.4 and 2.1.5. The Road Commissioner may, upon review of the proposed excavation, adjust the road opening charges accordingly and within the authority of 23 MRSA Section 3351-A (*note that statute requires relaying the road surface for 20' on either side of the cut in this case). Any excess fee collected shall be addressed in accordance with Article IV, section 4.1.2.

- 3.1.3 Pavement cutting for excavations shall be in straight lines, parallel to the excavation trench and cut back 1.0 feet(1.0') on each side beyond the limits of the excavation trench opening.
- 3.1.4 Responsibility for public safety surrounding the excavation site rests exclusively with the permittee. Should the Road Commissioner feel that inadequate safety measures are being used, he/she or they may direct corrective action. In no instance shall the failure of the Road Commissioner to act create any liability for the municipality nor shall it in any manner exonerate the permittee from any liability incurred.
- 3.1.5 The permittee shall be responsible for meeting any Occupational Safety and Health Administration (OSHA) safety requirements relating to earth excavation, shoring or any other specific requirements incidental thereto.
- 3.1.6 The permittee shall not be permitted to leave open, at any time, any excavation trench of a greater length than two hundred feet (200') without prior approval from the Road Commissioner. The permittee shall cause the excavation to be fully and completely filled to the surface of the surrounding highway before making any further excavation.
- 3.1.7 Excavated material may be used for back fill so long as the material contains no rocks or pavement pieces larger than six inches (6") in diameter. Unsuitable excavated material shall be totally removed from the excavation site. The final eighteen inches (18") of back fill shall be bank run or screened gravel having a maximum particle diameter of four inches (4"), fine sand, loam or clay is not acceptable. The back fill shall be placed in nine inch (9") lifts and compacted with power tampers supplying a minimum energy of two hundred fifty foot pounds (250ft./lb) per square foot. Backhoe or truck compaction is unacceptable.
- 3.1.8 Prior to commencement of an excavation project, the permittee shall obtain, and retain for the duration of the excavation project, liability insurance in an amount not less than \$1,000,000. The permittee's certificate of insurance shall name the municipality as co-insured certificate holder of the policy and a copy must be submitted to the municipality.

ARTICLE IV REPAVING

- 4.1 The paving of the highways, subject to this ordinance rest exclusively with the municipality.
- 4.1.1 When an excavation made in any highway subject to this ordinance has been back filled, in accordance with 3.16 of this ordinance, and upon the direction of the Road Commissioner or his/her appointed representative(s), the municipality shall cause the excavation trench to be patched with premixed bituminous material on those highways which had been previously paved. In those instances where the highway surface is gravel, the municipality shall grade and maintain a level travel surface.
- 4.1.2 The cost of repaving or final surface grading of any highway excavations, permitted under this ordinance, shall be charged to the special fund account cited in 2.1.6 of this ordinance. Any excess remaining in said fund after the municipality has repaved or regraded or done other work necessary to restore the highway to its pre-excavation condition, shall be returned to the

permittee, with any interest earned, within three (3) months of the date upon which the restoration is completed.

ARTICLE V PENALTIES AND ENFORCEMENT

- 5.1 Violation of this ordinance may result in the enforcement of any one or all of the following penalties and provisions.
 - 5.1.1 Any person who shall cause an excavation in any highway, subject to this ordinance, without first obtaining a permit may be punished by a fine of fifty dollars (\$50) for each offense; each day that an excavation remains open in violation of this ordinance shall constitute a separate offense.
 - 5.1.2 Any person who shall cause an excavation of any highway, subject to this ordinance, in a manner in violation to Article III Conditions of this ordinance, may be punished by a fine of one hundred dollars (\$100) for each offense; each day of such violation shall constitute a separate offense.
 - 5.1.3 If the back filling or repair of any excavation(s), permitted in accordance with 2.1.3 of this ordinance, is improperly executed, as prescribed in 3.1.7 of this ordinance, the municipality shall cause the same to be corrected and shall keep separate account of the expense thereof. The person who had caused the excavation shall be assessed a penalty equal to one hundred and fifty percent (150%) of the cost incurred by the municipality in this instance. Thereafter, the municipality may refuse to such person or persons until such person has paid the penalty assessed under this paragraph.
 - 5.1.4 The ordinance shall be enforced by the Road Commissioner. Once the Road Commissioner has determined that a violation of any provision of this ordinance has occurred, the Road Commissioner may take one or more of the following actions which shall not be considered mutually exclusive:
 - A. Refer the matter to the Town Selectmen for legal action;
 - B. Issue a stop work and corrective action order;
 - C. Take corrective action necessary to remedy any defect or danger created by the unauthorized or improperly executed excavation when, after notice and demand, the person responsible for the defect or danger fails to correct it immediately.
 - 5.1.5 Should it become necessary for the municipality to enforce the provisions of this ordinance in a court of law, and, if the municipality prevails in the enforcement action, the municipality shall be entitled to all costs and expenses incurred in the enforcement action, including, but not limited to, reasonable attorney's fees.

ARTICLE VI CONSTRUCTION

6.1 Severability

6.1.1 Severability is intended throughout and within the provisions of this ordinance. Should any provision, including inter alia, any exceptions, parts, phrases or terms or the application thereof, to any person or circumstances be held invalid, the application of other provisions of this ordinance shall not be affected thereby and the validity of this ordinance in any and all other respects shall not be adversely affected.

6.2 Supersession

6.2.1 The ordinance supersedes and replaces any and all like or comparable ordinances, policies or decisions previously enacted and in force within the Town, and shall remain in effect until, or unless, revoked or superseded by action of the voters of the Town.

6.3 Amendments

6.3.1 From time to time, circumstances may require that portions or sections of this ordinance be amended, revised or deleted. Such actions shall be proposed at Town Meeting to the voters of Prospect by the Selectmen. Approval of any amendments, revisions, or deletions rest exclusively with the voters of the town.
