Under One Roof Campaign Status: June 30, 2026

At the midpoint of the three-year Under One Roof Campaign, we have raised just over half of the $450,000 goal, leaving $207,000 to secure.

Campaign goal: $450,000

Raised to date: $243,000, or 54% of goal

Balance remaining: $207,000

Check out the roof poster in the Narthex, where each tile represents $10,000 toward the campaign. Completed tiles are coloured, pledged tiles are marked with bars. Each new pledge or gift helps fill the remaining tiles and close the $207,000 gap.

Thank you for your continuing support and your prayers. Together we journey in hope.

Roof Assessment Update

The Archdiocese has launched a centralized Roof Asset Management Program (R.A.M.P.) to assess roof conditions across the diocese. Our roof will be surveyed on site this summer or early fall, producing a current condition report to support a more accurate estimate of the work required. Because the Archdiocese is covering the inspection cost, we will receive better planning information without adding to the campaign budget.
