Stuffing, Gravy with Mashed Potato and Buttered Fresh Vegetables

This night is also designated RP Donor Recognition Night and we will be
recognizing our top donors at this event

YEA Leadership Weekend – Portland Maine

In November I had the opportunity to travel down to Portland to attend the fall session YLW event. This event brought together young professionals in the industry as an opportunity to network, learn about ASHRAE, and learn about ourselves and how we can lead our own careers through ASHRAE.

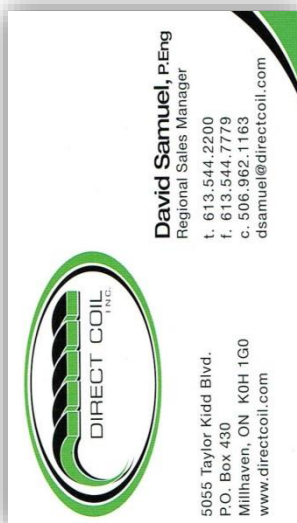

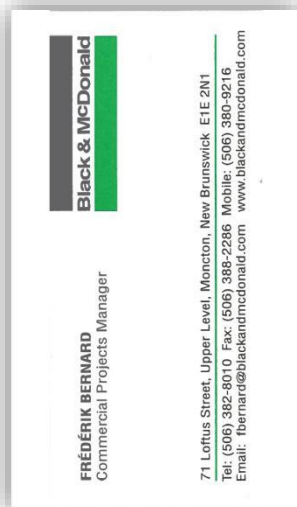

The weekend was led by leadership coach Ralph Kison and few ASHRAE YEA leaders. Ralph took us through a personality test which helped each of us understand our own personality profiles and how we can better understand others and work with various personality types. There were also several breakout sessions to learn a bit more about ASHRAE committees and other ways we can get involved and help out our respective Chapters. The most valuable part of the weekend was also the most fun for me, networking with other YEAs. Each night we had the opportunity to go out for a few drinks and get to know each other, discussing what we had been learning throughout the weekend and our experiences working in the industry and in ASHRAE. I came away from the event with a few new friends and a part of a book club so we can motivate each other to read the books recommended by Ralph. "Leading is reading".

I highly recommend this event to any YEAs who might be interested. It occurs twice a year and alternates between Portland Oregon and Portland Maine for the first weekend session. If anyone wants to know a bit more about it, feel free to reach out. I look forward to attending the YLW part 2 in the near future.

Kevin Bregel

Portland, Maine

DONOR RECOGNITION

Each year ASHRAE society members and contributors donate over \$2 million towards HVAC research activities. This past year our chapter raised over \$14,000 for the campaign, completely due to the generosity of our local society members and corporations. Our chapter thanks those who contributed to the 2017-18 Research Promotion campaign. Our success as a relatively small chapter has been noticed across North America. We look forward to another successful campaign in 2018-19 in partnership with our great local supporters. We also look forward to thanking each of our donors at our upcoming RP Night on December 11 at the Alma City Club in Moncton.
