Summary of June Meeting

Tony De Santis, Dectron's Eastern Canada Regional Sales Manager, presented Indoor Air Quality of Natatoriums. His slides showed some building collapses due to continued high humidity and the resulting condensation and corrosion of structural steel. The HVAC equipment was also suffering high corrosion rates from the high humidity. Some of the remedial measures were quite primitive and amateurish. Proper humidity, chlorine and temperature control are key to efficient and long term operation of natatoriums.

President Dan Boudreau presented appreciation awards to the 2008-2009 executive and we presented an appreciation award to Dan in return. Dan also ushered in the new executive for 2009-2010.

Golf Tournament Prizes

ASHRAE NB/PEI would greatly appreciate any donated items which could be used as prizes at the upcoming annual Chapter Golf Tournament. Please contact Mr. Luc Dugas at (506) 388-3273 or Luc.Dugas@enbridge.com if you would like to make a donation.

Monthly Meeting Topics

The Chapter Executive is always ready for your input. We are in the stages of planning next year's monthly meeting topics and will certainly consider any suggestion made by Chapter Members. Please do not hesitate to contact any member of the Executive if you have a good idea for a meeting topic or even an interesting site visit.
