RE: PHASE 4 – Database and Self-Serve Support Portal
Date: August 17, 2022

- Pre-Registration and Profile Update
- Taxicab Vehicle Profile Update

Attention all Industry Members,

A new and modern approach to licensing and support is now in Phase 4!

As part of this final stage to ensure accuracy and security, members are requested to pre-register and update their member profile as soon as possible. Plateholders are also requested to complete the Vehicle Update form for each Taxi Plate that is registered to them.

Visit us online at www.katc.ca/members to complete this short profile update form and where applicable the vehicle update form(s), both of which takes less than 2 minutes to complete. We respectfully request that this important step be completed by August 28, 2022.

Thank you in advance,
Kingston Area Taxi Commission
