IMPORTANT:

To ensure accuracy, please follow the measuring instructions in the diagram below.

WAIST:

Lay the garment flat out on a surface, and measure from one side of the waist to the other.

INSEAM:

From the crotch seam (C.S.) of the pants where the seams meet, measure to the bottom of the pant leg.

HIP:

With the garment laid flat, measure 3 inches up from the crotch of the pants and use as a reference point (R.P.). Measure from one side of the pant leg to the reference point, and then to the other side.
