

## Property Team 2024 Annual Report

This past year, a few anomalies were achieved outside and inside of our normal Protocol in the execution of our duties.

- Carpet was finally replaced in the Sanctuary of the last quarter of 2024: Arlene Vickery.
- Sound system was looked at and any upgrades were performed by: Peter Gray.
- The building exterior was surveyed by all members and work on the front exterior is scheduled to start on January 13, 2025.
- Interior lighting was surveyed in the Sanctuary and reception area and quotes have been compiled on potential upgrades which would increase luminary efficiency and also our power consumption in illuminating both those areas.
- Exterior lighting was also surveyed and quotes gathered on potential upgrades and improvements to the existing system.
- Trees were cut back in the last quarter of this year around our exterior lighting. Also, in the Carrot Seed playground, including one falling.

Building maintenance and inspections are ongoing and kept up-to-date by all of our members on the Property Committee of which I am quite proud to be the Chairperson. We shall continue to do so to the best of our abilities.

*Respectfully submitted,  
Peter Hopkins, Chair*
