

FINANCIAL STATEMENTS FOR YEAR ENDED 2024

ABSTRACT

The value proposition herein indicates that the cost is less than \$65 per month for each of the over 80 children involved in the early childhood literacy and development program in rural Entumbil, Ghana. Additionally, Canadian institutions have opportunities to use the facility as a placement site for students' practicum and research, both virtually and in-person, to gain international experience, similar to the collaboration between OSL and the University of Cape Coast.

One Step Learning Opportunities Centre (OSL) Financial Statements for the year ended December 31, 2024

Presentation

The financial statements presented here comprise of the statement of financial position as of December 31, 2024, statements of operations and cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management is responsible for preparing these financial statements in accordance with Canadian generally accepted accounting standards for non-profit organizations.

Management maintains a system of controls that are deemed adequate for its size and activities, ensuring the integrity of financial reporting free from material misstatement, whether due to fraud or error. The supplementary management analysis provided is intended for operational evaluation purposes.

Profile

One Step Learning Opportunities Centre (OSL) is a registered Canadian charitable non-profit organization incorporated in 2019 and headquartered in Edmonton, Alberta. It focuses on advancing early childhood literacy and learning through play for children aged 0-6 in both urban and rural areas. It supports parents in Edmonton and Calgary, Canada, by encouraging them to enroll their children in licensed daycare programs.

In October 2021, OSL established a non-profit daycare facility in rural Entumbil, Ghana, to promote childhood literacy through play. This initiative was undertaken in cooperation with a local grassroots diaspora couple who donated the facility to operate rent-free for 30 years for the purpose of early childhood education. The organization is incorporated in Ghana as Entumbil One Step Learning Daycare and registered as a non-profit Community-Based Organization in the Ajumako-Enyan-Essiam district in the Central Region of Ghana.

Our Mission

Provide affordable early childhood education to rural Entumbil Ghana community and towns by partnering with Canadians and others who support childhood charitable causes.

Our Vision

To prepare children, ages 0-6, to be proficient bilinguals in both English and the local language using STEAM concepts and ensure their readiness for elementary school.

Our Values

Early childhood development, non-profit initiatives, affordability, literacy, bilingualism, STEAM education, leadership, engagement, stewardship, collaborations, and well-being.

Financial Statements for the year ended December 31, 2024**

Notes to Financial Statements

1. Nature of Operations

Our Registered Charitable Purpose

- to advance education by establishing, operating, and maintaining a learning through play daycare centre in Entumbil, Ghana; and
- to undertake activities ancillary and incidental to the attainment of this charitable purpose.

In Canada, our operations encompass advocacy, networking, and collaboration with individuals and organizations dedicated to promoting early childhood education. Our focus is on fostering the importance of cognitive and developmental skills in preschool-aged children during their critical brain development phase. In October 2021, OSL established a non-profit daycare facility in rural Entumbil, Ghana, to promote childhood literacy through play. The organization is incorporated in Ghana as Entumbil One Step Learning Daycare and registered as a non-profit Community-Based Organization in the Ajumako-Enyan-Essiam district in the Central Region of Ghana. Operating licences include:

Canada Revenue Agency Charity Registration & Business # 771608478RR0001
Alberta Charitable Organization # 354251
Alberta Corporate Access # 5122160921
Ghana Registrar General Incorporation # CG005690125 and TIN C006505816X
Ghana Social Welfare # CR/AEEM/079/21 Category A
Ajumako-Enyan-Essiam- District CBO/NPO #s 665/666

The financial statements present consolidated operational information and activities in Canada, as well as for the daycare that opened on October 18, 2021, in Entumbil, Ghana.

2. Significant Accounting Policies

a. Basis of Accounting

The financial statements have been prepared on an accrual basis using Canadian accounting standards for not-for-profit organizations.

b. Revenue Recognition

The organization follows the deferral method of accounting for contributions. Restricted grants and contributions are recognized as revenue in the year in which the related expenses are incurred. Unrestricted contributions are

One Step Learning Opportunities Centre (OSL) Financial Statements for the year ended December 31, 2024

recognized as revenue when received or receivable if the amount can be reasonably estimated and collection is reasonably assured.

c. Volunteers Contribution

Volunteers contribute their time, goods, and services to support OSL in executing its charitable service delivery activities. Due to the difficulty of determining their fair market value, volunteer-contributed goods and services are not reflected in the financial statements. It is estimated that approximately 3,000 volunteer hours are utilized annually for networking, marketing, promotion, communications, outreach, professional services, fund development, facility maintenance, children's garden upkeep, sanitation, and administration.

d. Capital Assets

Capital assets are recorded at cost. Assets with a cost of \$500 or less are expensed in the year of purchase. Fixed assets acquired while on leased property are amortized using the straight-line method over a period not exceeding three years due to the likelihood of breakages and accelerated wear and tear, resulting in little or no residual value. In 2024, the founders donated an old car with no market value to the daycare for student transportation. The car is recorded in the financial statements at one dollar and subsequently written off.

e. Use of Estimates

The preparation of financial statements in accordance with Canadian generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. The principal estimates used in the preparation of these financial statements are the determination of estimated useful life of capital assets and foreign exchange transactions.

3. Leasehold Improvements

The fair market value of \$241,000 in free rent for the donated facilities has not been capitalized as OSL does not hold ownership. The 30-year donated long-term rent-free lease is renewable every five years and lacks a specific termination date, provided that the facilities are used for early childhood learning purposes throughout the 30 years.

One Step Learning Opportunities Centre (OSL) Financial Statements for the year ended December 31, 2024

Leasehold improvement costs incurred by OSL are capitalized and amortized over three years or the remaining life of the lease, whichever is shorter, at the time of acquisition or expenditure.

4. Fixed Assets

Fixed assets are amortized by straight-line method over a period no more than three years or the remaining balance of the current renewable lease term. Amortization rates are:

| | |
|--|---------|
| Leasehold Improvements | 33 1/3% |
| Furniture Minor Equipment, Electronics | 33 1/3% |
| Motor Vehicle | 33 1/3% |

5. Related Party Transactions

The property owners of OSL have donated the large building and spaces rent-free for 30 years to make early childhood learning accessible in the rural community town. As with all start-up organizations, the founders plan to support OSL during the implementation phase until it becomes sustainable by 2026. According to the OSL 2020 – 2024 Strategic Plan, short-term accumulated deficiencies and amounts payable are expected. The outstanding \$53k in 2023 and additional deficiencies anticipated in 2024 are within the estimated amount in the Strategic Plan. Any amounts payable and accumulated deficiencies outstanding as of December 31, 2024, have been forgiven by the founders. They also plan to address any ongoing monetary concerns as specified in the incorporation Memorandum of Association.

6. Foreign currency translation

Monetary assets and liabilities are translated at the average rate as of the balance sheet date. Revenue and expenditures are converted using the average annual rate for the entire year. Given that our organization is small with few immaterial transcontinental transactions, translational gains and losses are not recognized. Foreign exchange rates exhibit significant volatility across different countries, ranging from 100% to 1200%, as charted by banks. The annual exchange rate between the Canadian dollar and the Ghanaian Cedi (GHC) is particularly volatile. Within the OSL context, the financial statement items most affected are Daily Attendance Fees and food supplies, which have declined due to unfavorable exchange rates in the Ghana currency. The average exchange rate applied for converting GHC amounts for financial statement purposes on December 31, 2024, was GHC9.00 to \$1, compared to \$7.50 in 2023 and GHC3.50 to \$1 in 2022.

7. Donated Rent-Free Facility

The accompanying notes are an integral part of the financial statements.

One Step Learning Opportunities Centre (OSL) Financial Statements for the year ended December 31, 2024

The fair market value for the free lease is set at \$241,000, representing the value of rent forgone over 30 years. OSL has entered into a formal renewable occupancy lease agreement with the founders, which is renewable every five years for the 30-year term.

8. Restricted Grant

In 2023, One Step Learning entered into a grant agreement and received a \$39,080 grant from Africa Centre under the Supporting Black Canadian Communities Initiatives (SBCCI). The grant is restricted for use between April 1, 2023, and March 31, 2024, specifically for eligible capacity building expenditures. The related expenditures are disclosed and summarized in the table below for review by Africa Centre. As of the financial statements date of December 31, 2023, \$35,860 of the SBCCI funds had been utilized.

SBCCI Grant

April 1, 2023, to March 31, 2024 Expenses

| Eligible Capacity Building Expenses | April 01, 2023 – December 31, 2023 \$ | January 01, 2024 – March 31, 2024 \$ | Total \$ |
|---|--|---|-------------|
| NorQuest Early Childhood Learning (ECL) Sector Training and Development | 18,379 | 3,220 | 21,599 |
| Electronics Equipment | 6,564 | N/A | 6,564 |

The accompanying notes are an integral part of the financial statements.

**One Step Learning Opportunities Centre (OSL)
Financial Statements for the year ended December 31, 2024**

| | | | |
|---|---------------|--------------|---------------|
| Computer Supplies and Communications | 1,141 | N/A | 1,141 |
| Networking, Marketing, Promotions and Mileage | 5,835 | N/A | 5,835 |
| Minor Equipment | 1,590 | N/A | 1,590 |
| Other Eligible costs | 2,351 | N/A | 2,351 |
| Total Spent | 35,860 | 3,220 | 39,080 |

As of December 31, 2023, the remaining balance of \$3,220 from the grant was recorded as Deferred Revenue to align with the grantor's terms. This amount was expended in 2024, and the full grant of \$39,080 was utilized by the expected completion date of March 31, 2024.

Financial Statements for the year ended December 31, 2024**

Management Analysis

The supplementary information is provided for additional analysis. It is derived from accounting and activity records used to prepare the financial statements.

In 2024, OSL marked its fifth year since incorporation and experienced growth both financially and program-wise. The initial strategic plan (2020-2024) concluded in December 2024, and a new plan for 2025-2029 has been approved. Preschool enrollment, attendance, and graduation has exceeded expectations. Starting with 11 students out of the planned 32 at full maturity, OSL now serves 80 children daily from five towns around Entumbil, with 108 students currently enrolled. On-site staff development training in early childhood education has begun in collaboration with the University of Cape Coast, to ensure the programme's quality is maintained. The training will continue with donor funds.

The financial statements indicate a significant reduction in deficiencies due to cost reductions, and the founders of OSL have forgiven all amounts payable up to December 2024. The 2025 – 2029 Strategic Plan forecasts a breakeven scenario by 2026, with sustainability anticipated to commence in 2027. Contributions from the Rotary Club Calgary Centennial and Rotary Club Edmonton Downtown enabled OSL to successfully install two water tanks and begin constructing a shelter with storage on the future playground, intended to create an outdoor learning space for increasing enrollment. As a result, the water supply is now consistently reliable, and the partially completed shelter is occasionally used for educational purposes.

The only small car available is used daily beyond its five-passenger capacity, necessitating four trips before and after school. This situation raises safety concerns and is unsustainable. Addressing transportation for school children has become a priority in our search for funding for a school bus or van, as commercial transportation alternatives in the small community are not affordable. The increased enrollment of 108 active students compared to the originally planned 32 has also resulted in shortages of educational materials and supplies. These include chairs, tables, cribs, games, electronics, technology, connectivity, books, crayons, lockers, craft paper, play supplies, pens, and pencils.

Global grants and donations are becoming increasingly challenging to secure in the current environment. OSL has made progress, with children showing improved happiness, wellbeing, literacy, and developmental experiences. The mission and vision of OSL are being met. If the investments outlined in the 2025-2029 Strategic Plan are funded by fee increments, external donors, along with internal cost reductions and social enterprise

One Step Learning Opportunities Centre (OSL) Financial Statements for the year ended December 31, 2024

initiatives, OSL is projected to achieve sustainability by 2027, accommodating 120 children daily.

Value Proposition

The financial statements from the past four years demonstrate OSL's commitment to responsible fiscal management, reflected in an aggregate of \$229,818 covering operating costs, capital expenses, and bank balance. The value proposition clearly shows that the cost to educate 80 toddlers in rural Entumbil, Ghana, is \$60 per month per child.

$$\text{Daily Planned Attendance} = 80 \text{ children} \\ (\$229.818/4/80) = \$718/\text{year} = \$60/\text{month (approx. \$60 per month per child)}$$

Impact

- Daycare started in October 2021 with 11 children, and now OSL serves 80 children daily.
- Play-based daycare facilities are now available in the town and 5 surrounding towns.
- Daycare for girls and boys aged 0 to 6 is provided in the community.
- Parents, especially women, can seek employment or careers.
- Early childhood literacy in English and local languages is improving.
- 14 local jobs have been created for teachers, security personnel, caterers, sanitation workers, and gardeners.
- Efforts are underway to leverage the daycare facility in Ghana as a practicum site for Canadian institutions and organizations to provide international experience for their students.
- University of Cape Coast collaborates to train teachers in early childhood education
- A small Canadian non-profit charity is contributing to global literacy.

Affordability

Entumbil and five adjacent towns in Ghana are struggling farming communities characterized by high levels of illiteracy and unemployment among women. OSL has established a daycare facility, which charges a one-time registration fee of GHC 20 (approximately Cdn\$3, USD\$2) and a daily fee of GHC 5 (approximately Cdn\$0.40,

One Step Learning Opportunities Centre (OSL) Financial Statements for the year ended December 31, 2024

USD\$0.25). These fees account for only about 25% of the annual operating costs. Contributions to support this charitable endeavor are highly appreciated.

Evaluation Analysis

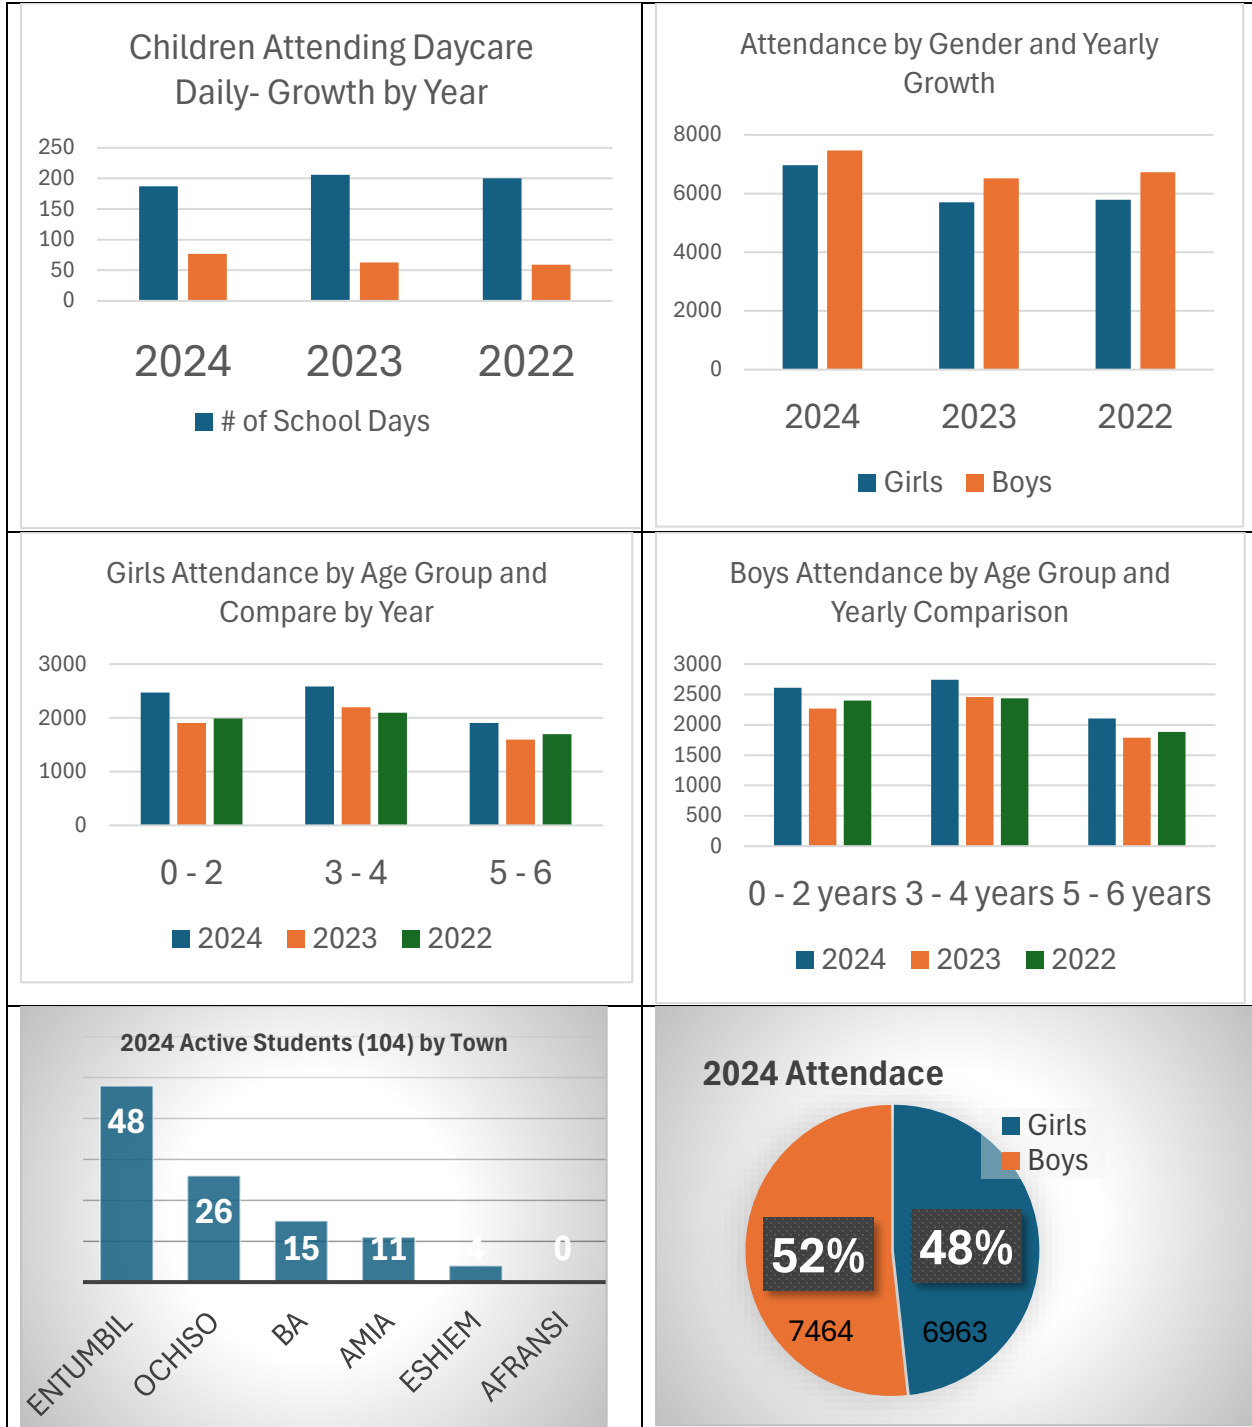

After 39 months of operation (3.25 years) up to December 2024, OSL has analyzed data to assess performance and identify opportunities for improvement.

Admissions and Graduation

One Step Learning Opportunities Centre (OSL) Financial Statements for the year ended December 31, 2024

Attendance

One Step Learning Opportunities Centre (OSL) Financial Statements for the year ended December 31, 2024

Sum Up

In summary, the non-profit daycare program has surpassed expectations. The progress in early childhood literacy and development for children aged 0 to 6 is commendable. Most parents have expressed that their children are enthusiastic about attending preschool daily. Parents also appreciate that preschool children learn to speak both English and their native language by integrating STEAM (science, technology, engineering, arts, mathematics) principles with using their surroundings.

Teachers are receiving on-site training in collaboration with the University of Cape Coast to become qualified early childhood educators. Opportunities exist for Canadian institutions and students to conduct research and practicums virtually or in person, providing them international placement experience. There is stable staff retention among the 14 paid local employees, and there is a registration waiting list of children from all five towns served by the daycare, who could be admitted when additional resources become available.

The financial outlook is promising, supported by robust leadership and fiscal responsibility as highlighted in the value proposition. OSL is diligently working to diversify revenue sources, and the community is actively supporting the daycare through volunteer services. Sustainability is projected within the next few years, contingent on securing funding for the immediate one-time investments such as a school bus and playground shelter to facilitate outdoor learning.
