## Introduction to Our Speaker – Joe LeForte

Joe LeForte is an indoor air quality professional with Dynamic Air Quality Solutions where he is responsible for commercial sales and engineering support for the Northeastern United States and Eastern Canada. His influence and recommendations have resulted in many positive outcomes for clients and have benefited their businesses both financially and environmentally. A 2009 graduate of the United States Military Academy at West Point, Joe was successful managing teams of all sizes while serving in the U.S. Army where he achieved the rank of Captain.

## MEET Show Update

Dear Chapter Members,

Currently the MEET (Mechanical Electrical Electronic Technology) Show is scheduled for May 5-6, 2021, one year later than initially planned. It was postponed from November to May 2021 due to the current COVID situation.

Shawn Murphy, the MEET Show Manager said the following: *“Although changing these dates wasn’t an easy decision to make, it’s a positive move for the show and we’re ultimately pleased with a spring date. This is a timeframe which has historically worked best for exhibitors and attendees. Our main priority is positioning the event for a safe and successful return, and this decision reflects that.”*

We will continue to monitor this and provide updates as we receive them and will update our members if the date changes. Please keep reviewing the Herring Choker for updates on the MEET Show.

Regards,

Kevin Leger

## December is in Jeopardy!

ASHRAE has been around for a long while. What year do you think it started? Who was the original ASHRAE President? How do you get into the life members club?

Find these and other answers by reading some ASHRAE history and attending the December meeting. We'll ask these questions and more and the winner will receive much esteem from the other members.

More details to come.
