WHITECAPPER BOARD OF DIRECTORS

Our Monthly Whitecapper Board meeting was held on the 20th of April. After much discussion about our individual predictions for a reopening date, we came to the consensus that it would be overly optimistic to foresee any date prior to late August, or September. For the time being, we will not schedule the dates for our General Meeting, *with hopes of members offering to join our board*, nor the subsequent Annual General Meeting. This is with much regret and the wish that should the situation with COVID improve more rapidly than expected, we will happily move up to earlier dates.

Regarding the Chestermere Civic Recreation Centre questionnaire which we forwarded to our members. Thanks to the helpful information provided by Betty Illingworth, who joined our board meeting today, we now understand that this questionnaire was destined for all Chestermere seniors. Therefore our Whitecappers Association will not be replying to the questionnaire as a group. It will be up to our members to send in their suggestions when and as they wish.

You drop something when you were younger, you just pick it up.

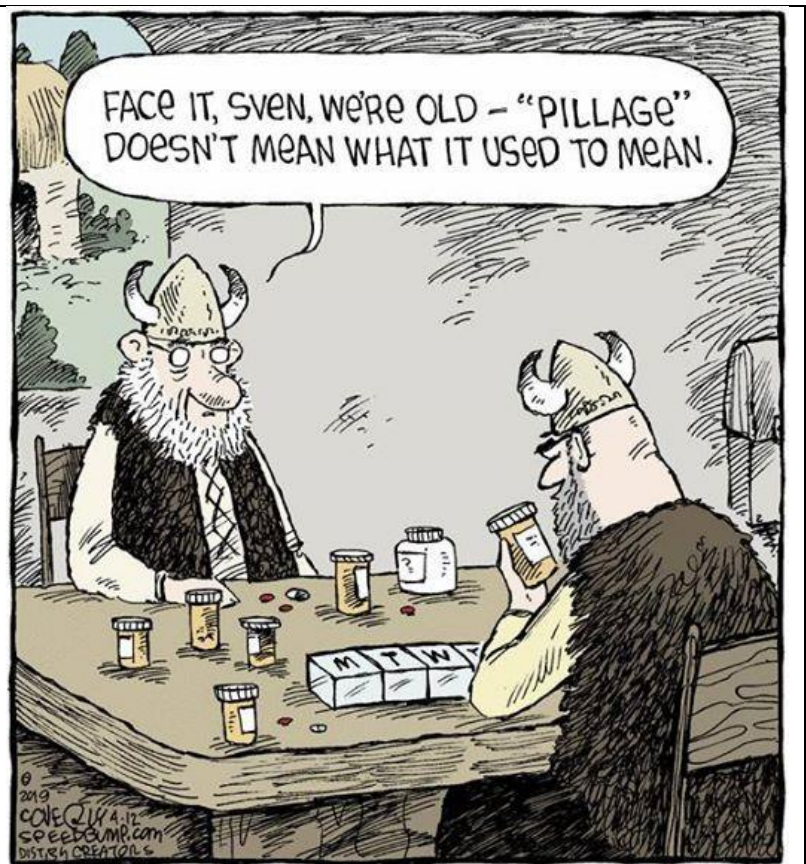

When you're older and you drop something, you stare at it for a bit contemplating if you actually need it anymore.

Don't let aging get you down, it is too hard to get back up again!!!

One of the shortest wills ever written: "Being of sound mind, I spent all the money."

You know you are getting old when everything either dries up, sags or leaks.

While taking a clinical history from an elderly patient, I asked, "How's your love life?" "I don't know," he said. "I'll ask my wife." He got up, walked into the hallway where his wife was sitting, and shouted, "Hey, the doctor wants to know if we still have sex." His wife shouted back, "No, the only thing we have is Medicare and Blue Cross."
