Chapter Announcements

1. NB/PEI Chapter 50th Anniversary

On Tuesday, Nov 8th, the NB/PEI Chapter held its 50th Anniversary celebration at the Legends lounge in Moncton, NB.

With a turn out of 61 attendees, including 21 Past Presidents, we're extremely pleased with the outcome of the event. It was a great atmosphere with many generations of past presidents, chapter members, and industry colleagues. We were honoured to have special guests of the region and society with us on this evening. We thank Ginger Scoggins (Society President-Elect), Ibrahim Semhat, Ron Gagnon, Elizabeth Primeau, and Abhishek Khurana for making the trip and celebrating the milestone with us!

We also want to recognize our 50th Anniversary Committee who devoted and volunteered their time to making this the successful event that it was. Shout out to Dan Boudreau, Ken Martin, and Kevin Clannon!

We hope you enjoyed yourselves as much as we did!

Below are some pictures from the event (fun fact: our Chapter's only father-son presidents were in attendance - Gary and Rob Hoadley).

Sincerely,

NB/PEI Chapter

Research Promotion

Knowledge is Power

LYBUNTS and SYBUNTS

Sounds kind of odd eh?

A **LYBUNT** is a donor who gave **Last Year** **BUT** has **Not** yet renewed their support **This** year.

A **SYBUNT** is a donor who has given **Sometime** in the past five **Years** **BUT** has **Not** given **This** year.

We categorize these donors differently because they have given in the past and we want to treat them with respect and show them that their gift is appreciated.

Every year we ask companies in the HVAC or energy business to support ASHRAE Research Canada.

Members are current ASHRAE members. Non-Members are any donors (companies, organizations, or individuals) who are not members of ASHRAE.

We call this fundraising effort research promotion because we are promoting the value of research to our HVAC community and humanity.

ASHRAE's Mission is to serve humanity by advancing the arts and sciences of heating, ventilation, air conditioning, refrigeration and their allied fields.

We'll be recognizing current donors at the December meeting on Tuesday, December 13th. Swing by and get some cool stickers for your laptops (or your kids tablets) and watch the panel discussion.

For more information on ASHRAE Research Promotion check out our brochure by [clicking here](#)

Awards & Scholarships

Step Right Up, Win a Prize!

1. ASHRAE Technology Awards – Chapter Competition

This year, the ASHRAE NB/PEI Chapter will host a Technology Awards Program to recognize innovative projects by Chapter Members.

The ASHRAE Technology Awards recognize members at the Chapter, Regional and Society levels for outstanding design and innovations for effective energy utilization.

The format of competition, deadlines, and judging are determined by the Chapter and will be announced shortly. The short application form (Link: [Chapter/Regional Application -- Short Form](#)) may be used for the Chapter competition and the regional competition for projects that move on to the Regional Competition.

Entries can be submitted for each of the following 7 categories:

- Commercial Buildings - New, Existing and Existing Building Commissioning (EBCx)
- Institutional Buildings
 - Educational Facilities – New, Existing and EBCx
 - Other Institutional – New, Existing and EBCx
- Health Care Facilities – New, Existing and EBCx
- Industrial Facilities or Processes – New, Existing and EBCx
- Public Assembly Facilities- – New, Existing and EBCx
- Residential Buildings – New, Existing and EBCx

The ASHRAE NB/PEI Chapter's first and only Technology Award was awarded to Stephen Tweedie in 1999 for outstanding achievement in energy-efficient building design for the Nova Institution, a Federal women's correctional facility located in Truro, Nova Scotia in the Institutional Buildings category.

ASHRAE Region II, of which the ASHRAE NB/PEI Chapter is a member has a history of winning many Society level awards, and we hope to submit winning projects of our own.

The ASHRAE NB/PEI Chapter will submit one entry for each of the 7 categories listed above to the Regional Competition. See [Technology Awards Program](#)

(ashrae.org) for more information, or reach out to your Chapter Technology Transfer Committee (CTTC) Chair, yves.savoie@englobecorp.com.

2. ASHRAE Student Activities Awards

ASHRAE Job Board **Jobs, jobs, jobs!**

The ASHRAE Job Board offers the following benefits for job-seekers:

- Search and apply for relevant jobs quickly and effectively.
- Set up job alerts for immediate notification of job postings matching skills and interests.
- Anonymous profiles and resume uploads.
- Useful tips and tools for improving job searching effectiveness.
- Single sign-in for ASHRAE members.

Employers can:

- Put their positions in front of ASHRAE's unique audience of engineering experts.
- Manage jobs and applicant activity on the Job Board site.
- Search the ASHRAE Job Board's candidate database.
- Limit applicants to only those qualified.
- Quickly find the right professionals for their positions.

The Job Board can be found at www.ashrae.org/jobs. The Job Board is designed to assist members and other industry professionals along with ASHRAE's student program, Young Engineers in ASHRAE, education and certification programs.

Volunteering

Many Hands Make Light Work!

Are you looking for ways to get involved in your HVAC community? Well look no further! Reach out to any of our BOG members or our Membership Promotion chair and find out how you can get started today! Or better yet come sit in on one of our monthly meetings to get a feel for things and see if it's right for you.

Our Chapter is always looking for volunteers to take on Chair or Co-Chair positions, collaborate on committees, and share feedback and ideas on how we can strive to be better than we were yesterday. Whether you're a consulting engineer, contractor, equipment supplier, property manager, or student we welcome all. By volunteering with ASHRAE you'll get the satisfaction of contributing to a global organization by making local impacts, you'll get to network with a wide range of fellow members of the community, you'll gain the experience of working with a Board of Governors structured organization, and much more!

Reach out to any member from the BOG or to our Membership Promotion Chair: Matthew Peachman [mpeachman@cbcl.ca] to get started!
