Individual Health & Dental Plans
from Green Shield Canada

[LEARN MORE](#)

Want to **ZONE** in on a health plan that's right for you and your family? We've got your back.

We know you have a busy life. We also know there are lots of other things you'd likely rather do than wade through complicated insurance words and confusing health and dental plan options.

But you're reading this, so we're guessing you know that these days, with governments cutting back the health-related services they cover and day-to-day medical and dental care costs rising, having a health plan that gives you added protection against both routine and unexpected health expenses is pretty much a no-brainer.

Add on the extra medical bills you'd face if an accident or illness occurred – and how quickly they could erase your savings – and the reasons to protect yourself against expenses not covered by your provincial insurance plan are clear.

Understanding this, we're going to keep this overview simple, so you can feel confident knowing you've chosen the right health plan to protect you, your family and your finances (without giving yourself a headache or having to look things up in a dictionary).

Different plans for different needs, many with guaranteed acceptance

We have a selection of GSC Health Assist plans offering a wide range of prescription drug, dental, vision, extended health care and emergency medical travel coverage. Simply choose the one that best suits you, your lifestyle and your budget.

Acceptance is guaranteed with many ZONE plans – even with pre-existing conditions.

No waiting period, with coverage that increases the longer you're on the plan

Many other supplemental health plans require a three or six month waiting period before you can use your benefits. With all Health Assist plans, your coverage can begin as early as the first of the month following approval of your application. This is your effective date. You can use your benefits from that day forward. Many benefits increase during the first years you have your plan.

Coverage that goes where you go... and for life

Unlike group plans that are tied to employers, Health Assist plans are portable. That means your coverage will go with you and is yours to keep – regardless of who you work for or whether you're self-employed, working on contract, freelancing or retired. When your application is approved, your plan will cover you for life – no matter what your age or any future changes in your health – as long as your payments are made.

Smart financial planning and tax advantages

Having a plan that protects against both routine and unforeseen health care expenses makes good financial sense – for today, tomorrow and the years to come. And, if you're self-employed or a small business owner, your premium payments may be a tax-deductible business expense, making your coverage even more economical. Please consult your financial advisor for details.

That's efficient and convenient!

Eligibility – qualifying is simple

You are eligible to apply for any ZONE plan as long as:

- You are a Canadian resident
- You have valid provincial health insurance plan coverage (Quebec residents must have RAMQ Health Insurance and, if applying for a plan that includes prescription drug coverage, RAMQ Drug Insurance)
- You are under 80 years of age.

Best of all, with some ZONE plans, your acceptance is guaranteed* – even if you have pre-existing medical conditions. And there are no medical questions or exams when you apply.

Other ZONE plans provide more extensive coverage and require medical underwriting, so we ask that you answer some health-related questions. But we keep it simple – it really won't take long at all.

**Your acceptance is guaranteed upon GSC's receipt of the initial payment.*

ZONE plans offer a range of coverage options.

With ZONE plans 1, 2, 3 and Fundamental, acceptance is guaranteed even with pre-existing conditions.
