## Southeast Eco360 Tour

The ASHRAE NB/PEI Chapter is pleased to announce a technical tour of the Southeast Eco360's biomass boiler and landfill gas electricity generator. The biomass boiler burns wood chips created from waste products, and the generator burns landfill gas to generate 1.0 MW of electricity.

### TOUR INFORMATION

The Tour will begin at 5:30PM at Southeast Eco360 located at 100 Bill Slater Drive, Berry Mills, NB, E1G 5X5. All attendees must report to the scale house, and will be directed to the education centre parking lot. A quick presentation and orientation will be held at the education centre.

In order to attend the tour, all attendees must confirm attendance using the buttons below. **PERSONAL PROTECTIVE EQUIPMENT (PPE) IS MANDATORY AND IS THE RESPONSIBILITY OF ATTENDEES. REQUIRED PPE INCLUDES:**

- Steel Toe Boots
- Hard Hat
- Safety Vest
- Safety Glasses

## DONOR RECOGNITION

Each year ASHRAE society members and contributors donate over \$2 million towards HVAC research activities. This past year our chapter raised over \$14,000 for the campaign, completely due to the generosity of our local society members and corporations. Our chapter thanks those who contributed to the 2017-18 Research Promotion campaign. Our success as a relatively small chapter has been noticed across North America. We look forward to another successful campaign in 2018-19 in partnership with our great local supporters.
