### Division May 2023 NEWSLETTER

#### FROM THE PRESIDENT

Good Day Everyone:

As you are aware, the RCMP lost another member in an horrific traffic accident in the County of Strathcona in the early hours of April 10th. The tribute below for Constable Dhami was located at K Division Headquarters beside the Wall of Honour.

### Constable Harinder (Harvey) Singh Dhami

#### Regimental Number: 65876

*Constable Dhami, age 32, worked at the Strathcona County Municipal Detachment since 2019, the entirety of his 3 years and 7 months of service with the RCMP.*

*At approximately 2am on Monday, April 10<sup>th</sup>, 2023, Constable Dhami was involved in a single motor vehicle collision while responding to assist Members with a call to service. Despite the efforts of the Members, emergency responders and civilians present, Constable Dhami succumbed to his injuries.*

*Harvey was known to be a team member who was compassionate, caring and very community oriented.*

*Harvey is survived by his wife, Ravinder, as well as his mother, sister and brother.*

*To Harvey's wife, family, colleagues, friends and loved ones, you have our deepest condolences. Please know your police family will always be there for you.*

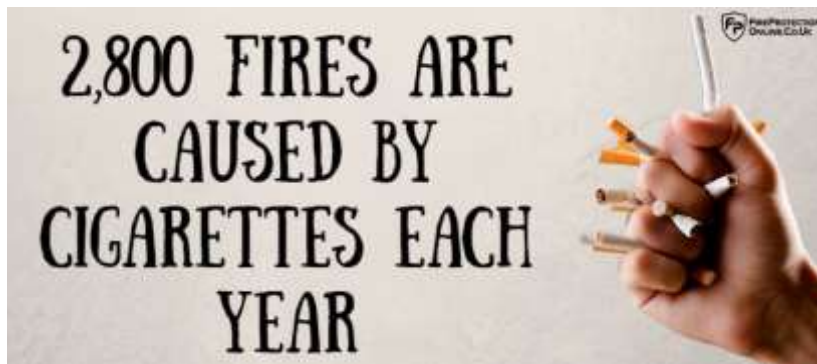

A few more pictures are located further on in this Newsletter.

# MAY HE REST IN PEACE!

**“Spring is nature’s  
way of saying,  
‘Let’s party!’”

My goodness summer arrived like gang-busters, or should I say like a “flame thrower.” It seems like every time I listen to the news, there is another report of a community having to be evacuated. Please stay safe, use only your propane or gas barbeques, no charcoal or camp fires and for gosh sakes don’t foolishly throw you cigarette butts away. Extinguish them before completely before placing them in a trash barrel or on the ground.

As most of you are aware, we are in the planning stages for the 2024 AGM and held our last meeting on April 22<sup>nd</sup>. Matters we are looking into are bus transportation, fundraising, businesses that may wish to set up a Kiosk during the event, possible guest speakers and the list goes on. Should anyone have any information or ideas on these topics or anything else you think might be of interest to our Committee, please contact Kees at: [president@edmrcompvets.ca](mailto:president@edmrcompvets.ca)

A few “Thoughts on Aging” are included in the Newsletter by people you may remember.

**"I'm so old that my blood type is discontinued." - Bill Dana**

On April 17<sup>th</sup>, the I met with Presidents from Lethbridge, Calgary and Red Deer along with a few other Vet members who came together in Red Deer for an Inter-Divisional meeting. We have had these meetings before, but this was the first since the pandemic and probably the most important we have ever had. The meeting resulted in the production of a document showing our concerns, suggestions, and recommendations and subsequently forwarded to the President of the Association for consideration by the entire Board of Directors.

In a nutshell, we are all genuinely concerned with the financial direction and liquidity of the Association to the point some Divisions are considering their future and whether it be with or without the Association.

The Association provides the strength of numbers; however, it must also be financially stable to remain an entity. All those who attended the meeting believe it is vital the concerns we expressed in this document be discussed at the 2023 Ottawa AGM! I will report on this issue in our June Newsletter.

I enjoyed our last General / Dinner meeting on April 25<sup>th</sup>. There was no guest speaker, and the vibe was very relaxing, at least it was for this lad.

Barry and I spoke about the Snider-Enfield MARK 2 \* rifle which is being turned over to us for safe keeping by a fellow from Las Vegas. The Chief Provincial Firearms Office Agent has informed us his investigation determined the rifle is an antique as defined in the RCMP Firearms Reference Table and Criminal Code of Canada regulations. We are now waiting for the Agent's final report so it can be provided to the present owner as it will be required when he transports the rifle into Canada.

Dianne Lehmann, our Support Advocate, has worked hard to produce our MISSION VISION & VALUES STATEMENTS and they were read out by me and warmly accepted by those in attending our dinner meeting. They are included in the Minutes of the Executive Meeting below. They will be added to our Division Profile on the National website in due course. Excellent Job by Dianne!

Based in Surrey BC, we have a rich 20+ year history of serving major corporations and government agencies such as BC Safety Authority, Fortis, TELUS, BC Hydro, Metro Vancouver, Western Canada Marine Response Group, WorkSafe BC and many, many others. We are the provider of driving instructor training to the BC School Bus industry, with a nationally accredited and provincially approved curriculum and we supply government approved courses to other provinces. More can be learned about Thinking Driver by visiting our website [www.thinkingdriver.com](http://www.thinkingdriver.com). We also work with the public and teach new drivers.

Our instructional team consists of a combination of Industry experts, retired or semi-retired law enforcement members and driver training specialists. Team members work as contractors on an as needed basis when they are available and provide training throughout BC.

We are currently seeking individuals interested in joining our instructor team.

Instructors deliver corporate training and driver evaluations in-vehicle and on public roads and off public roads in closed areas typically teaching backing and trailer towing.

Instructors are paid by the day or half-day for training with half days paid at 2/3 of total day rate.

Instructor rates are negotiable based on qualifications starting at \$350 daily.

The majority of our activity is focused in the Lower Mainland, but travel can be expected. Travel arrangements when needed are handled by our administration and instructors are provided with detailed itineraries. Travel time to teach in other cities or towns is paid.

This opportunity may suit retired or retiring members.

Experience as a driving instructor at Depot and/or other type of instructor experience is desirable, but we value attitude and motivation as much as experience. Other useful experience includes traffic enforcement, accident investigation/reconstruction training. "Presentation Skills" course is a particularly valuable qualification.

## Chaplains Corner

As result of the recent deaths of police officers which caused an inquiry by one of our Vet Members, our Chaplain, Cyril Gowler, advises should any Veteran experience difficulty with PTSD / OSI and wish to talk with someone, he is available should they wish to talk with him.

**Please note** one may think seeing the word "Chaplain" you may immediately think "religion." Cyril wants people to know it's always about their personal challenges and he would NOT be responding to them with the motive of "preaching" at them.

If they understand this reality he can easily approach them if they contact him.

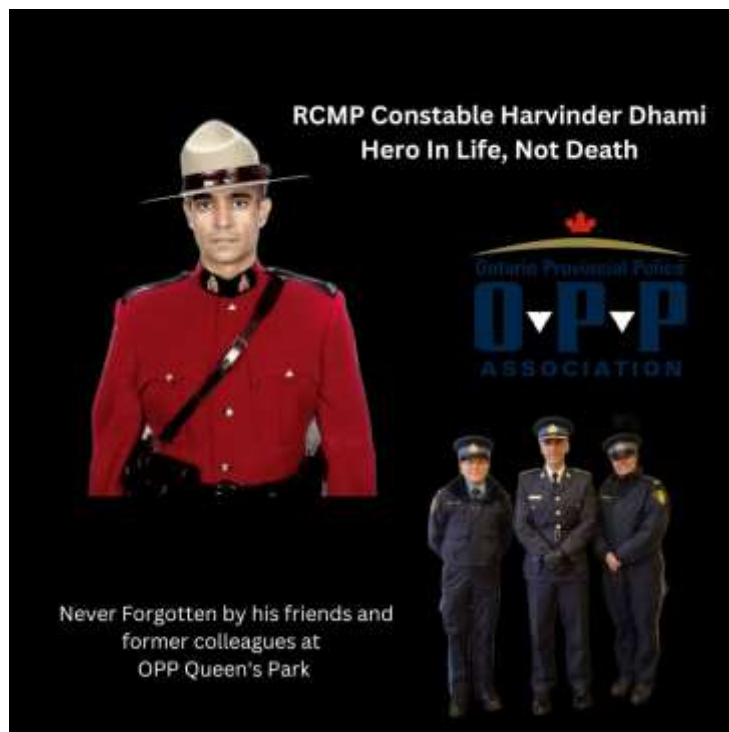

Cyril has an extensive network, so he is able to direct people to resources or handle their challenges "in-house" himself or whatever they choose.

As time goes on we hope to add people to the help list, especially female chaplains so they are offering equal opportunities. Cyril's contact information is as follows.
