Message from our President

Dear Chapter Members,

As another ASHRAE year comes to an end, I would like to thank all the Chapter members who have continued to show support by coming to our meetings and by contributing to our annual Research Promotion campaign. Special thanks as well to the Board of Governors, committee chairpersons and volunteers who help move the Chapter forward.

Please join me in welcoming Ryan Gosson as our Chapter's incoming president for 2018-2019 and the rest of the Board of Governors. We look forward to seeing you at our meetings, and as always, welcome your suggestions for programs.

I want to remind our membership that ASHRAE relies on volunteers to provide quality programs and social events, and that we continuously need members to drive the Chapter. At the ASHRAE Society level, there is also a need for members to sit on Technical Committees, develop Standards and Guidelines, and develop Society policies. Volunteering in a technical organization such as ASHRAE also provides professional development experience, which is now a requirement for many professional associations. If you are interested in volunteering at either the Chapter or Society level, please contact myself or Ryan and we would be happy to help you get started.

The June meeting will be the last social event for 2018-2019 until later this year in September. Until then, our Board of Governors will be busy organizing and planning for the coming year. I want to take this opportunity to wish you all a great summer and vacations. See you next year!

Yves Savoie
