

PROGRAMS

One Red Thread Field Trips

Field trips are fun, educational visits that welcome groups from all over WNY! Field trips include activities, hands-on with the horses, snack, drink and a take home craft for all participants. Groups can come to our facility or we can bring the horses to you! Field trips at our facility are a great way to go on an adventure and try something unique. Off-site field trips travel to your location and can service areas that do not have the means to provide transportation or want to introduce your group to some special visitors. Field trips are a great option for schools, home schoolers, civic groups, group homes, nursing homes, rehab centers, community programs and more. Minimum 10, maximum 20 per group.

One Red Thread Pen Pals

The Pen Pal program allows participants to get to know more about horses and start a long term relationship with their new friend. Pen pals can choose to write or draw a picture and their pen Pal will write back. This fun program can help foster good writing and communication skills, promote a connection outside of the classroom, hospital room, doctor's office or group home and build a forever bond with a horse.

FUN FACT: Horses keep your secrets, always accept you and never judge!

WHO CAN BENEFIT?

Students
Hospice Essential Care patients
Veterans
Home School groups
Nursing Home residents
Day Programs
Respite Programs
At-Risk youth
Refuges

Programs are tailored to your needs and led by a certified Equine Facilitator and trained volunteers.

No horse experience required.
Ground activities only. No riding.

THE ANSWER IS EVERYONE CAN BENEFIT FROM TIME SPENT WITH A HORSE!

From literacy programs, workshops, clinics, themed events and more, there are endless possibilities involving the connection we can all make with horses and with others.
