

HERE WE GROW AGAIN....

About:

Federal Wireless Communications Inc. is an Ontario registered Corporation and certified engineering firm that was established in 1999. For over 20 years the Federal Wireless Communications core-competency has been the Two-Way Radio industry as a business to business and business to government wireless solutions provider for both public safety and non-public safety. Federal Wireless Communications is a channel partner and O.E.M. representative for many of the industries leading manufacturers. These partnerships combined with in-house engineering and project management services position Federal Wireless Communications as a one-stop source for turnkey wireless technologies, integration solutions, service and maintenance.

Federal Wireless Communications is privately owned and is a 100% Indigenous Owned business that is a member of the Canadian Aboriginal and Minority Supplier Council (CAMSC) and Certified Canadian Aboriginal Business Organization (CCAB).
