

### NATURAL GAS **REBATE PROGRAM**

Albertans are getting extra help with their natural gas utility bills this winter

From October 1, 2022 to March 31, 2023, most Albertans with natural gas service will receive a rebate from the Government of Alberta if Alberta's natural gas price is above \$6.50 per Gigaioule (/GJ).

The rebate applies to any Alberta residence or Alberta company with a natural gas usage under 2,500 GJ per year - a typical Alberta house uses around 120 GJ of natural gas per year!

FALBERTA GAS CO-OPS LTD

Your local natural gas utility will automatically place the rebate on your monthly bill if the rebate is in effect. You will see a line on your bill stating "GoA Utility Commodity Rebate Program.

The natural gas rebate will be triggered if the monthly natural gas rate charged by any of Alberta's regulated default supply providers is above \$6.50/G.J. All eligible customers will receive rebates, regardless of whether their local utility has a lower rate

The Federation of Alberta Gas Co-ops Ltd. and all 80 of our Member Natural Gas Utilities have worked with the Province to ensure Albertans get natural gas cost relief. The Natural Gas Rebate Program helps Albertans to continue to heat their homes with clean, efficient natural gas

The Alberta Government has more details on the Rebates at www.alberta.ca/affordabilityprograms.aspx
