

International Union
of Painters & Allied Trades

District Council 39

LU 1945 Training Schedule

February – March 2024

All members are required to register for training courses. Seats are limited and are reserved on a first come, first served basis. **Please email Chris Bullman at cbullman@dc39.ca.** It is important for you to check your training cards regularly and to get retraining before your courses expire. **Courses will be held during the day from 8:30am - 4:30pm on the dates shown below.** Evening and weekend courses may be available upon request, provided the minimum number of participants has been attained. For courses such as Aerial Lift, Forklift, Swing stage, Lead Abatement Awareness and 1st Aid, these are demand courses so if you do need these, please call the training department to register for an upcoming class. **For weather cancellations please check www.dc39.ca**

Course Expiration			Course Information
Safety	WHMIS 2015	No Expiry*	<p>* WHMIS 2015 should be reviewed at least annually at your workplace, when new products are brought onsite or when products change.</p> <p>** New Brunswick members also require 6 hours of CPR refresher every year in addition to re-training every three. Refresher training can be as little as a 15 min review every 2 weeks or a 30 min review every month (for a total of 6 hours); this review should be kept on record by your employer.</p>
	Fall Protection	3 years	
	Confined Space Entry	2 years	
	Respirator Fit Test	2 years	
	First Aid/CPR	3 years**	

IUPAT DC 39 Online Learning Management System (LMS)

As a complement to our current Apprenticeship and Safety Training program, the International Union of Painters and Allied Trades District Council 39 is continuing to offer a number of courses online through our **Learning Management System** or **LMS**.

The LMS gives you access to courses such as trade specific upgrades and add-ons (Glazing, Painter Decorator, Drywall Finisher and Plasterer, Floorcovering Installer) to keep your skills sharp or to prepare for a Red Seal exam challenge. We also have WHMIS 2015 plus several other safety courses and many great general information courses as well; most are available in both English and in French.

The LMS tracks all completed courses giving you the ability to keep track of your certifications easier and also print out a certificate as soon as you complete the course. In NB, Fall Protection and Confined Space can be taken as online refreshers provided the previous training was taken in-class and your certificates have not expired.

To take advantage of this service you must meet **all** the following criteria:

1. You will need to have a valid and up to date mailing address and a valid email address. If you do not have an email address it is simple and free to set up an account on web sites such as www.hotmail.com or www.gmail.com or www.yahoo.ca. I will be collecting email addresses during the regular in-class courses but if you are not attending one of these in the near future you can email me at cbullman@dc39.ca expressing your interest in taking an online course.
2. You must be an **active** member of District Council 39, and in good standing.

If you are interested in taking one or more of the online courses and you meet the above listed criteria, please contact me at the training department. I will be mailing out the official training cards upon your completion of the above-mentioned courses provided you meet the criteria mentioned above. Only courses specific to on-site safety and certifications for utilizing regulated machines and vehicles will be added to your card. General courses will not be listed.

If you have any questions you can contact me using the information provided.
