Research Promotion

Knowledge is Power

We have reached 58% of our official goal at \$2,915.94 US\$!

We are very pleased to receive Research Promotion donations from both NB Power and the Mechanical Contractors Association of NB Inc. Both of these organizations were at the level of Honour Roll.

We're shooting for a return to pre COVID levels for our RP Target. It should be doable since we have only contacted about a third of our previous donors at this point.

I would like to thank NB Power and the Mechanical Contractors Association of New Brunswick for their generous donations.

If there are any members that would like to help out with calling campaign we could use the help. Contacting the decision makers of companies in the mechanical and energy business is a good way to expand your personal network as well.

Recap of Past Events

In Case You Missed It...

December Presentation

On January 10th we had a presentation on BACnet Secure Connect (BACnet/SC) which covered the ins and outs of designing with a secure, encrypted communication datalink layer specifically designed to meet the requirements, policies, and constraints of minimally managed to professionally managed IP infrastructures.

We had a great turn out of about 24 people. There were lots of engaged conversations around the topic.

We thank Misty for travelling out and spending the time with us!

Strong New Year turn out!

Glen Cowan Scholarship Recipient

In January we awarded the Glen Cowan Scholarship to Sylvain Verrier. Sylvain is a 3rd year Mechanical Engineering student at the Université de Moncton with a current standing GPA of 4.28 (yes that's out of a maximum 4.3). He also happens to be the son of former ASHRAE BOG member Chantal Daigle-Verrier.

Congratulations Sylvain and best of luck on your engineering journey!
