

WA-100_{plus}

“Spreader-Penetrant”

- WA-100_{plus} is a 100% active nonionic spray tank adjuvant.
- Reduces surface tension to an amazing 25 dynes/cm.
- No other additives needed with Glyphosate - Including AMS!
- Reduces the pH of the spray tank solution to optimal levels.
- Neutralizes destructive hard water ions.
- Proven unequalled when used with Glyphosate since 1981.

WA-100_{plus} enhances the activity of the spray application by reducing surface tension from 72 dynes/cm to 25 dynes/cm, allowing complete coverage and stomatal flooding.

WA-100_{plus} increases the rate of penetration into living plant tissue, as well as acidifying the total spray solution to pH levels between 5.5 and 6.0.

2 Quarts of WA-100_{plus} per 100 gallons of spray solution neutralizes more hard water ions than 17 pounds of AMS per 100 gallons.

Notice: Seller warrants that the product conforms to its chemical description and is reasonably fit for the purpose stated on the label when used in accordance with directions under normal conditions of use, but neither this warranty nor any other warranty of merchantability or fitness for a particular purpose, express or implied, extends to the use, storage or handling of this product contrary to label instructions, or under abnormal conditions, or under conditions not reasonably foreseeable to seller, and buyer assumes the risk of any such use. The risks include, but are not limited to damage to plants, crops and animals to which the material is applied, failure to control pests, damage caused by drift to other plants or crops, and personal injury.

Net Contents: 2.5 Gallons

Principle Functioning Agents:
Ethoxylated Alcohol, Fatty Acids, and Seed Oils.
TOTAL Principle Functioning Agents.....100%
Constituents ineffective as a spray adjuvant.....0%

Exempt from tolerance under EPA 40 CFR 180.1001 (c).

CAUTION: CAUSES EYE IRRITATION

DIRECTIONS FOR USE:

- To reduce surface tension to 25 dynes/cm:
— 1 Quart per 100 gallons—
As a super wetter-spreader and dispersant:
— 1-2 Quarts per 100 gallons—
As a plant penetrator:
— 2 Quarts per 100 gallons—

Manufactured by:
AGSPRAY
AGRICULTURAL SOLUTIONS
PO Box 12129 Salem, OR 97309-0129
