What in Blue Blazes is YEA?

To ensure the future of the Society and the industry, ASHRAE is committed to advancing its programs and services for young members through helping them build their professional foundations. With this in mind, ASHRAE created a committee called Young Engineers in ASHRAE (YEA), for members age 35 and younger!

What can YEA do for me?

We're glad you asked! To help you develop your skills, grow as a professional and expand your network, the YEA Institute was created to offer a variety of YEA focused education and networking programs tailored to your specific needs. Whether you're learning at a conference, attending a leadership weekend or receiving one on-one advice from a fellow ASHRAE member, the YEA Institute is the perfect opportunity for you to make the most of your time with YEA.

Want to learn more?

Visit and like the facebook page at: facebook.com/ashraeyea

Visit the website at: ashrae.org/yea

Contact your YEA Coordinator: delkhour@gmail.com

YEA Technical Weekend

March 24-26, 2017

Register for YEA Technical Weekend by February 10 for an opportunity to come together for a weekend of energy management courses, technical tours, and networking. Registration is \$450 and includes hotel accommodations for Friday and Saturday, meals during the event, and all necessary materials and resources. This event will be held March 24-26, 2017 in Atlanta, GA and features the following presentation:

Effective Energy Management New/Existing Building

Richard Pearson

Space is limited to the first 30 registrants and registration closes on Friday, February 10, 2017.

Kevin's Historical Tidbits

In the past Christmas events at the chapter were purely social events as seen here in **December 1996**:

Theme: **'Tis the Season'**
Topic: **The Mechanics of Non-Motorized Flight**
Presenter: **S. Claus - North Pole Enterprises**
Dinner and Dance to follow

In the early 2000's these events became either dinner and a site tour (Moncton Airport Terminal or Majesta Diaper Plant for example) or dinner and a presentation (new LEED rating system or control valves & actuators).

We have tried to keep any speakers to a neutral non-technical topic so that the spouses are not bored to death.

We did bring in a Sommelier one year for wine tastings. They continue to remain for the most part a casual non-technical night and are typically a past presidents and spouses night.

2017 ASHRAE Winter Conference

Attendees Can Plan Interactively for 2017 Winter Conference

Start planning your visit to the 2017 ASHRAE Winter Conference. The Conference Track Personal Scheduler is an interactive online tool that enables users to create their own itineraries for the conference by selecting programs to attend, skip, or read about later.

Users also can search or browse events, create schedules, check for scheduling conflicts, record notes, and sync the schedule data to a mobile device. The full Technical Program is available via the Interactive Tech Program. With it, users can compile sessions by technical interest area. Users also can browse the Technical Program by day, session type, track and presenter. For offline access, the Technical Program is available as a downloadable PDF.
