# **Letter From the Prospect Fire Chief**

Greetings Residents & Tax Payers,

Last year (2017) calls were 69 and 2018 calls were 37. This was a great reduction. Many thanks to everyone in Town for helping with this reduction.

The Fire Department thanks Cliff Alley and Bayard Warren for their many years of service and dedication. We will miss you guys! Thanks! We, as a department, are very grateful to our new members. Six in the last few months.

Our Fire Prevention Program at Halloween was a success! We gave away approximately 35 smoke detectors and 15 pounds of candy to area children and some adults. Our department looks forward to serving and protecting our neighbors and friends. We will do our best!

Thank you,

Tim Terry – Fire Chief

# **Stockton Springs Ambulance Service**

11 Station Street, Stockton Springs, Maine 04981 Office 207.567.4322 Emergency-911

Proudly serving the communities of Stockton Springs and Prospect since 1964

To the Citizens of Prospect:

Total calls for 2018 are as follows, Stockton Springs transports were 126, and Prospect transports were 36, non-transports for Stockton were 35 and Prospect was 6, mutual aid calls to surrounding towns were 11. This brings the total calls to 214 calls for the year. This total is down 43 calls from 2017. In EMS this can change without notice. There is no way to anticipate how many calls we will receive in a year.

As of this writing, winter is still here. There is plenty of snow and ice still around. To keep everyone as safe as possible please sand your driveways and walk ways, so the ambulance can get to you in your time of need.

The ambulance crew will be participating in a free Blood pressure and Glucose screening at the Stockton Springs Library. There are several dates for this screening, March 15<sup>th</sup>, April 5<sup>th</sup>, and April 19<sup>th</sup>. The time, for all 3 screenings are 11am to 12pm. Hope to see you there.

As usual budgets are tightening and expenses are rising. We are trying to stay within our budget, and so far we have been able to do so. This year the hospital will now be charging us for medications, instead of replacing the meds used. Also American Heart has changed their guidelines for CPR training. This means we have to get new CPR mannequins that have a digital read out. I do not agree with this, as the old ones worked just fine. Unfortunately, we have to abide by the new rule and of course the new mannequins are expensive.

Again this year I would like to thank the Prospect Fire Department for helping us when called. Of course we are always happy to help them as well. Rest assured Stockton Ambulance will always be there for you in your time of need.

Respectfully,

Charles (Chas) Hare

Stockton Springs Ambulance Director

# Report from the Assessor

### HELLO FRIENDS AND NEIGHBORS.

It is that time of year again, town meeting time seems like it has gone by way to fast but yes, we are here again. Taxes something, we always must deal with even though the town tries to keep your mil rate low it seems to keep rising and rising. There is a lot of factors that go into figuring out a mil rate, one thing I would like to mention is the exemptions. We have had a lot of people ask how the exemptions affects a mil rate and why does getting a higher exemption change the mil rate. I am going to use the home stead exemption for an example. The home stead exemption was \$10,000 and the state would reimburse the town for half the value which means the other half would get absorbed into the mil rate and would make this mil rate increase. So now that the exemption is \$20,000 more of that exemption must be absorbed into the mil rate calculation. When an exemption is given it lowers the towns' valuation and we have less valuation to proportion the budget of the town with, so this will reflect in the mil rate.

The budget takes a toll on the mil rate calculation also things that we vote on at town meeting which is the Municipal budget, school and county all things that affect the increase or decrease of a town's mil rate. I wish I could tell you that taxes will go down, but past years trends do not implicate that and it not just taxes oil, fuel price of lumber all these things go up so don't the contracts for labor to do the work in your town. This intern will make your town budget rise and then make the mil rate rise it just roles downhill to the tax payer. As a tax payer and your assessor's agent this concerns me, and I have had many meetings with other assessor's that wish we could wave a magic wand and make taxes go down. In the end all we can do is take the town's valuation and the budget and proportion the money to pay the bills through the town by the mil rate.

There are a few things out there to help the tax burden for tax payers Homestead exemption, veteran's exemption, tree growth classification, open space classification and farm land classification. If you would like to discuss any of these programs, please feel free to make an appointment with me or my staff we would be happy to help and share any knowledge we may have in these areas. My phone number at my office is 876-3300 and my email is <a href="mailto:hamlinassociatesinc@gmail.com">hamlinassociatesinc@gmail.com</a>. If you have purchased a property, or just feel that the assessed value is to high please come talk with me would like to get problems fixed before we commit rather than do abatements.

Sincerely,
