Workplace Hazardous Materials Information System

# 2015

## 1 Product Identifier

The product name exactly as it appears on the container and on the Safety Data Sheet (SDS).

## 2 Hazard Pictograms

Hazard pictograms, determined by the hazard classification of the product. In some cases, no pictogram is required.

## 3 Signal Words

"Danger" or "Warning" are used to emphasize hazards and indicate the severity of the hazard.

## 4 Hazard Statements

Brief standardized statements of all hazards based on the hazard classification of the product.

## 5 Precautionary Statements

These statements describe recommended measures to minimize or prevent adverse effects from exposure to the product, including protective equipment and emergency measures.

## 6 Supplier Identifier

The company which made, packaged, sold or imported the product, and is responsible for the label and SDS.

## 7 Safe Handling Precautions

May include pictograms or other supplier label information.

## 8 Reference to SDS

If available.
