Recap of Past Events

In Case You Missed It...

October Presentation

On October 11th Stephan Riffault, P. Eng, from Regulvar joined us at the Alma City Club to present on ***Laboratory Control and Isolation Room Control Strategies.***

This presentation covered some traditional approaches to lab controls and discussed ways they could be enhanced to improve reliability, performance and efficiency. "Smart" lab concepts were also discussed with insights into equipemnt and applications that would allow for a more advanced and global approach to running a laboratory facility.

We thank Stephan for his time with us!
