BUSINESS GROWTH SUMMIT SERIES 2023

With Jared Smith

Session #2: Branding and Touchpoints

Building on your defined positioning Jared will examine best practices around creating an unstoppable brand. Featuring creative reflection, brainstorming and what Jared refers to as "green hat thinking", you will workshop the kind of experiences, values, habits and Touchpoints that will optimize customer "stickiness", referrals and new business.

Questions to help you prepare:

- Divide your content into two categories: who cares? vs holy cow!... what do you notice?
- What creative ways are you using to demonstrate your unique advantage?
- What represents an ideal experience for your customers?

SESSION**
