PRODUCTS AND SERVICES

CATALOG FY24

Statewide Contract #
MASSCORINDUSTRIES001

www.masscor.us

The mission of Massachusetts Correctional Industries is to offer diverse, self-sustaining programs that are beneficial to incarcerated individuals and economical for the Commonwealth. Participants are provided vocational instruction on current equipment and technologies while producing a variety of high-quality products.

Each of our programs encourages the development of valuable skills along with a positive work ethic, better positioning incarcerated individuals for success in the workforce and community upon reentry.

We at MassCor would like to take this opportunity to thank you for your patronage throughout the years. We look forward to providing you with even more quality products in the future.

How to Order

You can place an order by phone, mail, fax or e-mail. When ordering please include the product's catalog number, your desired quantity, size, and color, your purchase order number, as well as your billing and shipping addresses. If you have special delivery instructions or need the product expedited, please inform your sales agent at this time.

Payment

Payment is due at time of ordering or net 30 days after delivery, upon approval. Some products may require partial or full payment prior to delivery. Payment may be made by cash, check, debit, or credit cards. We accept Visa, MasterCard, and Discover. Please include your invoice number with all payments.

Shipping and Delivery

MassCor does not deliver outside the Commonwealth of Massachusetts. We offer free tailgate shipping to all government agencies, municipalities, and private owned businesses within mainland Massachusetts; agencies on the Islands and non-governmental agencies will incur shipping and handling charges. Orders can be delivered via UPS to residential addresses for an additional charge. Please note that our catalog prices may not reflect all applicable freight charges. Contact your sales agent for additional information.

Governmental agencies within the continental United States may purchase items from MassCor but will incur shipping and handling charges.

Damaged and Defective Goods

MassCor guarantees its products to be free from defects in design, material, manufacturing, and installation (when performed by MassCor). In the event there is an issue with our products, please notify us immediately at 1-800-222-2211. Individual warranties may apply; please see “Warranties” section beginning on page 47.

Cancellations and Refunds

Please call your sales agent or a customer service representative at 1-800-222-2211 regarding cancellations and refunds. Custom orders and items purchased from the Milford showroom are non-refundable. Restocking fees may apply to certain items.

Disclaimer

Due to the current economic situation, our suppliers of raw material have notified MassCor that pricing guarantees are no longer in effect. Therefore catalog prices are subject to change without notice. In keeping with our longstanding tradition of service to Massachusetts companies and agencies, we will strive not to raise our prices. Furthermore, we will continue to provide quality products at competitive prices.

While buying from MassCor is easy and convenient, it is important to know that we utilize a just in time inventory system. This keeps our costs low and allows us to pass those savings on to our customers. As a result, certain items may experience longer lead times.

Frequently Asked Questions

Q. Are purchases from MassCor exempt from state bidding procedures?

A. Yes! Under the State Use Law, when buying from Correctional Industries, Massachusetts agencies, departments, towns, and cities are exempt from the usual bidding process. The size of the purchase is irrelevant.

Q. Who may buy MassCor's products?

A. Massachusetts residents as well as state and federal agencies, businesses, camps, nursing homes, schools, cities, towns, hospitals, police and fire departments, condo associations, social service agencies and many others.

Q. Are the products made and sold by MassCor of high quality?

A. Yes! MassCor buys only high quality parts and components. Our products conform to or exceed industry-wide standards of material and workmanship and they generally meet government specifications and fire standards.

Q. What types of services and products are available from MassCor?

A. SERVICES: optical lab, upholstery, silk screening, embroidery, engraving, and printing.
PRODUCTS: binders, flags, furniture for the home, office, and outdoor spaces, mattresses, a range of textiles including clothing items, customized apparel, high visibility clothing, roadway signs, directional signage, and many more. For custom items built to your specifications, please contact your sales agent for additional information.

ENGRAVING

MassCor is capable of etching, engraving, and cutting multiple surface types with precision. From granite and brick, to wood, metal, and acrylic, customize almost anything! Add your own personal touch to decor, drinkware, awards, memorials, keepsakes, and more.

SIGNS

Regulatory and Non-Traffic signs made of .080 gauge aluminum

Regulatory signs feature high intensity prismatic sheeting, making it reflective and easily seen on roadways. Non-Traffic signs do not have prismatic sheeting and are typically used in parking lots or on building exteriors.

Regulatory signs are compliant with FHWA's minimum retroreflectivity standards. All MassCor signs are made in compliance with MUTCD regulations.

System 2/90 Signs

Make building navigation a breeze with a sliding insert system produced by System 2/90. Available in a variety of sizes and colors, these inserts can be embellished with vinyl or engraved. Contact for pricing.

Custom Signs

Looking for something specific? Ask about our custom sign options, including optional UV-resistant anti-graffiti film. Please contact your sales agent for pricing and additional information.

Wood Products Limited Warranty

About Wood Products

MassCor wood products are made from a variety of species of wood including oak, maple and cedar. Most products include an optional finish. Expansion and contraction of wood products are typical due to changes in climate. Because of this normal movement, opaque finishes may develop slight separation lines in the product joints which may become more noticeable over time and through each season change. These are normal and are not considered quality defects.

Variations in color and grain pattern are natural characteristics of wood and can be more prominent in certain species. These may also result from exposure to light, the elements and the aging process. Because these are normal characteristics of wood products, these variations are not covered under this warranty.

Your wood product should be treated with proper finishing products, as recommended by the **finish manufacturer**, to keep its original beauty, and in the case of outdoor products, protect it from the elements. To extend the life of your outdoor wood product, this item should be properly covered or stored indoors during inclement weather.

Limited Product Warranty

Massachusetts Correctional Industries (MassCor) warrants its wood products to be free from defects in design, material, manufacturing and installation (when performed by MassCor), under normal use and care for a period of (1) one year from the time of delivery.

This product warranty does not apply to:

- User modifications/alterations or repairs performed after delivery or installation without first obtaining written approval from MassCor
- Material variations or changes in color and grain pattern of wood due to the nature of the species of wood and the aging process
- Customer-supplied material
- Products not used in accordance with recommended installation and application
- Failure to use reasonable care in maintaining the product, as described above
- Neglect, misuse or vandalism

Please notify MassCor immediately of any defects found within the warranty period. MassCor may, after inspection by its authorized representative and at its sole discretion, repair or replace any defective items. MassCor reserves the right to substitute discontinued product with the most similar product in styling, wood species and color available at the time a claim is submitted.

THIS WARRANTY SUPERSEDES AND IS IN LIEU OF ANY OTHER WARRANTIES, EXCEPT AS EXPRESSLY SET FORTH ABOVE, EITHER EXPRESSED OR IMPLIED. UNDER NO CIRCUMSTANCES SHALL MASSCOR BE LIABLE FOR INCIDENTAL OR CONSEQUENTIAL DAMAGES.

Questions concerning this warranty should be directed to: MassCor Sales Department

Heated Metal Products Limited Warranty

About Heated Metal Products

To extend the life and enjoyment of your heated metal product, if possible, please cover it when not in use and during inclement weather. If storing, place your product in a safe area to avoid dings or chipping as this may cause rust and ultimately, corrosion. Please refer to section, "Caring for Your Heated Metal Product" at the end of this document for specific suggestions on caring for your heated metal product.

Limited Product Warranty

Massachusetts Correctional Industries (MassCor) warrants its metal products to be free from defects in design, material, manufacturing and installation (when performed by MassCor), under normal use and care for a period of (1) one year from the time of delivery.

This product warranty does not apply to:

- User modifications/alterations or repairs performed after delivery or installation without first obtaining written approval from MassCor
- Customer-supplied material
- Products not used in accordance with recommended installation and application
- Failure to use reasonable care in maintaining the product, as described above
- Neglect, misuse or vandalism

Please notify MassCor immediately of any defects found within the warranty period. MassCor may, after inspection by its authorized representative and at its sole discretion, repair or replace any defective items.

THIS WARRANTY SUPERSEDES AND IS IN LIEU OF ANY OTHER WARRANTIES, EXCEPT AS EXPRESSLY SET FORTH ABOVE, EITHER EXPRESSED OR IMPLIED. UNDER NO CIRCUMSTANCES SHALL MASSCOR BE LIABLE FOR INCIDENTAL OR CONSEQUENTIAL DAMAGES.

Caring for Your Heated Metal Product

Seasoning your grill helps prevent food from sticking and also adds a layer of flavor to your food as after a while, the seasoning cooks its way into the grate for a lifetime of flavor. Seasoning your grilling grate will also extend its life.

The following are suggestions for seasoning and caring for your fire pit, smoker and grill:

Clean your grill: Before seasoning your grill, it's important to make sure it's clean. Use a wire brush to remove any rust or residue, and then wipe down the grill with a damp cloth. Make sure the grill is completely dry before starting the seasoning process.

Heat up your grill: Turn on your fire pit, smoker or grill and allow it to get hot. The heat will make the metal more porous, therefore enabling the oil to absorb into the metal and create a non-stick surface.

Apply oil: Using a brush or cloth, apply a thin layer of vegetable or canola oil to the entire surface of the grill. (Coconut oil or olive oil may be used as well.) Some people use a spray oil such as PAM.

Heat up your grill again: Let the oil sit on the grill for approximately 10 minutes and then turn up the heat for about 10 to 15 minutes to allow the oil to bake in and create a non-stick surface.

Repeat this process: Repeat the process of applying oil and heating it up, a few times to build up the non-stick surface. Once completed, oil your fire pit regularly – around once per week and after each burn.

Store grill properly: When you are finished cooking, make sure to store your grill properly. Cover it with a grill cover or store it in a dry place to prevent it from rusting.

Remove ashes and debris: After each use, remove remaining ashes and debris as the ashes soak up moisture and promote rust.

Note:

You can use a similar process to treat and care for other steel pieces within your fire pit, such as the fire pit grate with surrounding fire ring. Seasoning steel that is in close contact with the fire will extend its life and help keep it looking clean. Over time, the seasoning on your grill may start to wear off. You will know it's time to re-season when food starts to stick to the grill. Re-seasoning your grate is easy and only takes a few minutes, so don't be afraid to do it as often as needed.

Do Not:

Do not burn plastic in your fire pit.

Do not use lighter fluid.

Do not douse flames with water – allow to burn out naturally. If time is an issue, then smother flames with sand.

Metal (non-heated) Products Limited Warranty

About Metal Products

To extend the life and enjoyment of your metal products, if possible, please cover all outdoor metal products when not in use and during inclement weather. If storing, place your product in a safe area to avoid dings or chipping which may cause rust and ultimately, corrosion.

Light cleaning of your product with a soft cloth or brush and mild soap and warm water will remove any staining, prevent fading and help keep your product looking new.

Limited Product Warranty

Massachusetts Correctional Industries (MassCor) warrants its metal products to be free from defects in design, material, manufacturing and installation (when performed by MassCor), under normal use and care for a period of (1) one year from the time of delivery.
