## DRESSING YOUR CHILD FOR PLAYSCHOOL

- 1) Provide your child with a change of clothes (to be left at the school), indoor shoes, and a school bag to bring home their latest creations and notes. All belongings must be clearly marked with your child's name. Shoes should be rubber soled for safety reasons.
- 2) Dress your child appropriately for play every day. When outdoor activities are planned please dress them for the weather conditions.
- 3) Please provide sunscreen and hats in the warmer months.

## Cold Weather Policy

As we do live in a climate of cold weather, the school policy is if the weather is -35 or colder (before Wind Chill), the school is closed. We do not want to have you bringing these little ones out in the weather and risking all the problems that could go with that (frostbite, etc.).

Please note, this may only affect the morning classes. The afternoon classes will be monitored for the weather throughout the morning.

The method of communication of effect for this procedure will be an email, posting on our Facebook page, and then phone calls to each home.

## TEACHER'S DAILY ROUTINE

- Development of structured routines such as raising hands, taking attendance, lining up, hand washing, snack time.

L'école des Petits Playschool incorporates many activities and special events, which may include seasonal activities such as Halloween, Christmas, and Easter, as well as other events that children may find interesting, such as Dinosaurs, Community Awareness, Fire Safety and many others. - 2) In extreme cases, a parent may be notified, and the child sent home.
- 3) If the behavior continues with no improvement and if it is disrupting the class, the teacher will make recommendations to the executive to have the child withdrawn from the playschool.

## CLASSROOM DISCIPLINE POLICY

Programming at L'ecole des Petits Playschool offers the children a stimulating and creative environment in which to interact with other children. This type of environment minimizes behavior problems. Should an unacceptable behavior occurs, the following guidance strategies will be used:

- 1) Gain child's attention in a respectful way.
- 2) Use proximity and touch - teacher will move closer to child.
- 3) Acknowledge child's feelings then clarify and reinforce limits.
- 4) Model problem solving skills.
- 5) Offer appropriate choices.
- 6) Use natural and logical consequences.
- 7) Redirect if the above strategies are ineffective.
- 8) Provide an opportunity for child to make amends.

These guidance strategies are in place to assist children in developing self-control, self-confidence and sensitivity in their interactions with others. If there is a major discipline problem, such as a repeated misbehavior and the issue remain unresolved after the above steps have been taken, the school's discipline policy goes into effect.

## **PROTOCOL FOR HANDLING ISSUES OR CONCERNS**

We want your playschool experience to be a happy one for both your child and your family. If you have concerns or issues regarding your child, the teachers, or the program, please bring them up for discussion by following the outlined protocol:

1. Make an appointment to meet with the teachers outside of class time. This will allow teachers to devote their attention to the discussion of the issue or concern. Express issues or concerns respectfully while keeping confidentiality in mind. The teachers may be able to provide another viewpoint to a situation. Remember, they are the 'expert' in child development and the playschool environment.

2. If things are unable to be resolved between parent and teacher during the situations, a meeting with all involved may be necessary to help generate strategies and solutions.

3. If the problem is still unable to be solved, a termination of child care may be enforced.

This protocol is in place to help maintain a positive and respectful environment in our program. We also want to ensure the confidentiality of the children and their families is always maintained.
