DONOR RECOGNITION

Each year ASHRAE society members and contributors donate over \$2 million towards HVAC research activities. This past year our chapter raised over \$16,000 for the campaign, completely due to the generosity of our local society members and corporations. Our chapter thanks those who contributed to the 2016-17 Research Promotion campaign. Our success as a relatively small chapter has been noticed across North America. We look forward to another successful campaign in 2017-18 in partnership with our great local supporters. We also look forward to thanking each of our donors listed below personally with certificates and recognition coins at our upcoming RP Night on December 12, 2017 at the Alma City Club in Moncton. We encourage donors to attend to receive their certificates and coins at the event, but should you not be able to make it we will ensure that they are delivered to you.

Young Engineers in ASHRAE News

Social Event Recap - November 30, 2017 - Pizza & Pool

We had a modest turnout of YEAs at the fall social event this year. In attendance we had chapter President-Elect Yves Savoie, past YEA chapter chair Kevin Leger, and current YEA chapter chair Ben Roundell. A few last minute cancellations added up and we didn't get the anticipated numbers turning up. We met at 6 o'clock at the upper Mountain Road Pizza Delight for a bite to eat and a couple drinks then moved over to the Dooly's in back around 7:30 for a few rounds of *cutthroat* pool.

In other news, as YEAs in the NB/PEI chapter we have *two opportunities to apply to be sent to the YEA Leadership Weekend* (YLW) taking place this coming year in Seattle, WA, March 23-25, 2018. *Both* our chapter and region have each extended their budgets to reserve a spot for a YEA at the YLW.

In summary, the YLW is an opportunity to learn more about Society, develop soft skills and network with other young professionals. For more detailed information about the event [follow this link](#).

Applications:

NB/PEI chapter will cover the expense of registration for the event, travel (flights) to Seattle, and accommodations.

To apply: <https://www.surveymonkey.com/r/NYT7968>

Deadline January 5, 2018

Region 2 will cover the expenses of course registration, accommodations, and travel up \$1100.

To apply: <https://www.surveymonkey.com/r/VYLT52Y>

Deadline December 20, 2017

November Meeting Recap

NB/PEI ASHRAE hosted Alain Mongrain of the Montreal Chapter of the Refrigeration Service Engineers Society. Alain's presentation on naturally occurring refrigerants was of high interest to the members in attendance. In it he covered a broad range of topics such as the various refrigeration system architectures, system applications, contractor/installation processes and component technologies using CO₂ and ammonia.

Historical Tidbits

The first mention of a Christmas Party is recorded in our history Dec 1975. Although no details are recorded it seems as though the December meeting has been used for a social event.

December of 1977 mentions a sleigh ride and the same thing on December 8, 1978. The sleigh would need wheels today!

Fast forward to 1984 we had a guest speaker on R2000 homes from Co-op Atlantic. We had another special guest when Santa arrived with small gifts for all the wives present.

The Christmas party has always been an event that changes venues. In 1988 the party was held at Magnetic Hill's Riverboat Restaurant. In 1990 it was held at Judson's. In 1992 it was held at Crystal Palace Hotel. In 1993 it was held at Leisure World Banquet Room. 1997 was held at Boomerangs, 2009 the Chris Rock Tavern, 2011 The City Grill, 2016 The Alma City Club.

ASHRAE HVAC Design & Operation Training

2 Courses, 5 Days of Intense Instruction

Atlanta • Columbus • Denver • Dubai

HVAC Design: Level I – Essentials - Registration is \$1,264 (\$1,009 ASHRAE Member)

Gain practical skills and knowledge in designing and maintaining HVAC systems that can be put to immediate use. The training provides real-world examples of HVAC systems, including calculations of heating and cooling loads, ventilation and diffuser selection using the newly renovated ASHRAE Headquarters building as a living lab.

HVAC Design: Level II – Applications - Registration is \$854 (\$699 ASHRAE Member)

HVAC Design: Level II — Applications provides instruction on HVAC system design for experienced HVAC designers and those who complete the HVAC Design: Level I – Essentials training. The training provides information that allows practicing engineers and designers an opportunity to expand their exposure to HVAC systems design procedures for a better understanding of system options to save energy.

Visit www.ashrae.org/hvactraining to register and learn how your Chapter can earn PAOE points.

Contact Karen Murray (kmurray@ashrae.org) to discuss scheduling ASHRAE HVAC Training in your Chapter area.
