- ◆ **10:00am Sale Begins**

- ◆ **11:30am - RBC Buyers Luncheon**

BUYER'S FACT SHEET

When you buy a 4-H Steer or Lamb, you are buying the finest quality meat possible. The utmost care and attention has been given to these 4-H projects by the 4-H members themselves. Anything backed by the 4-H name today can only be described "AS NEAR TO PERFECT" as you, the consumer, can get.

The modern 4-H animals are grain fed and meet today's modern demands: the animals should be long, well muscled and trimmed to maximize meat yield with a minimum of waste. The average dressing percent of the animal is 55%. The percentage may vary with each animal. An example would be a steer of 1400 lbs. with a dressed percent of 60% would yield you 840lbs. of meat hanging.
