

The Salvation Army Mission

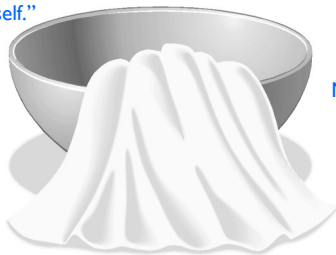

The Salvation Army is an international Christian Church. Its message is based on the Bible; its ministry is motivated by love for God and the needs of humanity.

The Salvation Army exists to share the love of Jesus Christ, meet human needs and be a transforming influence in the communities of our world.

Waterston Centre Mission

We exist to provide a place in our community that offers new hope and real help to those who need it most.

“Love the Lord your God with all your heart and with all your soul, and with all your mind.” This is the first and greatest commandment. And the second is like it: “Love your neighbor as yourself.”

Matthew 22:37-39

Supportive Residential Program Services

SRP Mission

To provide a safe, supportive, resource-rich residential environment for its residents.

In partnership with the Regina Qu'Appelle Health Region, the SRP works with residents and caseworkers to ensure that foundation for resident program development is based on Quality of Life criteria, including the following needs:

- ✓ Wholistic health (physical, emotional, spiritual, & mental)
- ✓ Legal
- ✓ Social
- ✓ Work & Education
- ✓ Enriched Housing
- ✓ Family & Other Supports
- ✓ Financial

Our Facility

- ✓ Accommodates 15 men in private rooms located on the first floor of Waterston Centre
- ✓ There are 2 common washrooms and 2 common lounges for SRP resident use
- ✓ Laundry facilities are provided at no charge

Admission To The Program

- ✓ The SRP was developed to provide an alternative residential service option for men diagnosed with chronic mental illness and/or substance abuse issues and/or hard to manage behaviours, as long as the resident can be maintained safely within the facility and surrounding community
- ✓ Admissions are coordinated by the RQHR Systems Wide Admissions & Discharge Department (SWADD)
- ✓ Referrals can be made to SWADD for admission assessment by a family doctor, health care worker or social worker
- ✓ The RQHR Program Access Committee (PAC) reviews the assessments to determine if placement is appropriate and confers with the SRP Manager regarding admission
- ✓ If both the RQHR and the SRP Manager believe the presented client will be a good fit, the client is offered the bed in SRP and admission takes place
- ✓ SRP residents must be independent in all activities of daily living. If assistance is required, the appropriate supports must be in place in order for admission/continued residency to occur ie: homecare
- ✓ The SRP is a program of free will and while some residents are mandated to stay here by law, no forcible detention takes place. Residents can come and go as they please and can request discharge from the program, which is then discussed with a multi-disciplinary team, including the client, to identify the pros and cons of alternative placement
