Please remember all household and shop cans MUST be bagged at all times for the household bins. This includes kitty litter; it becomes like cement at the bottom of the bins.

Our Contractor that empties the bins has a policy to bag all garbage. The public and PRWM must follow this policy as well. All the loose paper etc. is blowing out of the bins.

Also, under regulations, NO animal carcasses are allowed to be put into household bins or anywhere on the transfer station site.
