## DONOR RECOGNITION

Each year ASHRAE society members and contributors donate over \$2 million towards HVAC research activities. This past year our chapter raised over \$16,000 for the campaign, completely due to the generosity of our local society members and corporations. Our chapter thanks those who contributed to the 2016-17 Research Promotion campaign. Our success as a relatively small chapter has been noticed across North America. We look forward to another successful campaign in 2017-18 in partnership with our great local supporters. We also look forward to thanking each of our donors at our upcoming RP Night on December 12, 2017, at the Alma City Club in Moncton.
