## President's Message:

SPRING IS COMING.... I hope!!

This newsletter finds most of us huddled inside from the cold. Lucky are those that have headed south, albeit paying the price given the exchange rates.

Dianne Lehmann, Isaac Verbaas, S/M Leilani Collins and myself attended Calgary in late January to attend an information session concerning a Federal Government initiative addressing veterans who are homeless or facing such dire consequences. The Federal Minister for Housing, Infrastructure, Communities Canada (HICC) has provided funding to the RCMPVA and other entities to develop partnerships and supports for Veterans.

While this initiative is primarily geared towards Canadian Armed Forces (CAF) Veterans, we are very fortunate that the RCMP has the same standing as CAF veterans on this issue.

The RCMPVA has received funding to help establish and support this program as it relates to RCMP Veterans. The initial touchpoint for this potential assistance for RCMP Veterans would be through the local Division member advocates with a National Coordinator based in Ontario. The extent of just how many RCMP Veterans are homeless is unknown but not believed to be significant. Having said that, we did lose a retired "D" Division member in the recent past who had been evicted and living in his vehicle and subsequently succumbed to hypothermia. Homelessness is a multi-faceted issue with more information and questions likely to surface moving forward.

We are a tight group here in Edmonton, but should you hear of an RCMP Vet having issues with homelessness or other issues, please reach out to them and encourage them to seek help through our Advocacy Program or refer them to us yourselves. Privacy and confidentiality is promised.

The fact that this potential issue has been identified, and proactive measures being taken, is a good step in providing outreach and support to the RCMP Veteran Community. For further information refer to:

<https://housing-infrastructure.canada.ca/homelessness-sans-abri/veterans/directives-eng.html>

The February dinner meeting will see RCMPVA Edmonton Veteran Sharon Meredith (Masters- Psych) will be speaking about Operational Stress Injuries, Self-care and VAC. This should be a good session and very informative.

Ladies and Gents may want to bring their purses or manbags to this meeting

Cheers

Dave Mitchell, President  
[president@edmrcompvets.ca](mailto:president@edmrcompvets.ca)

At our January General/Dinner Meeting, Chris Casey, the Veterans Association Food Bank (VAFB) Outreach Person, made an informative presentation on what he does on behalf of the VAFB. He travels all throughout Edmonton and the area the Edmonton VAFB covers reaching out to mostly military Veterans that need or may need assistance depending on their individual situation. He is a very busy volunteer confirmed by his wife, Sheena.

The VAFB and what they do is described on their website and I have copied some of it as per below:

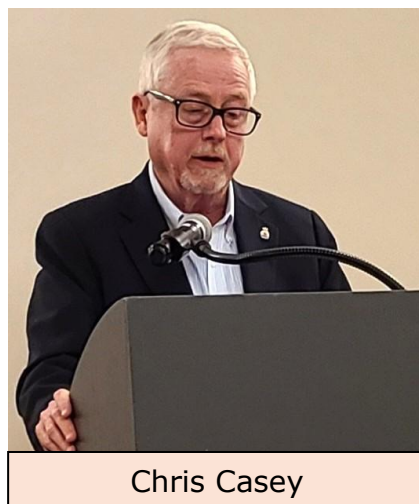

*Since August 2018, The **Veterans Association Food Bank** has worked to create a support system for the Veteran community, advocating for Veterans' rights and assisting Canadian military families. You matter each and every time you walk through the door.*

*The Veteran Association is more than a Food Bank. It is a safe place. The Veterans Helping Veterans initiative is a program developed to connect to what is needed by Veterans and their families. It's an ongoing program that's growing and evolving as VAFB does.*

*Currently, The VAFB serves Veterans in Calgary, Lethbridge, Edmonton, and Grande Prairie. We are growing our programs and reaching out to more Veterans than we thought possible. The work is never done, and we will never give up.*

*We understand that reaching out for support services as a Veteran can be challenging. At the Veterans Association, we want to assure you that we:*

- *Treat all Veterans with dignity and respect.*
- *Operate a food bank that will sustain the needs of our Veterans.*
- *Ensure Veterans globally get support navigating Canadian Veterans' law and accessing all available programs.*
- *Encourage all Veterans in our community to be a part of the Veterans Helping Veterans initiative.*
- *Ensure that all donations made to the Veterans Association Food Bank directly support Veterans through programs and services.*
- *Enrich the lives of Veterans by providing employment opportunities.*

Chris Casey

## Who We Serve - We're Here For Our Veterans

The VAFB recognizes any person who is currently serving or has honourably served in the Canadian Armed Forces. It also recognizes and offers support to those currently serving, honourably discharged, or honourably released Commonwealth Allies, members of the **Royal Canadian Mounted Police**, Peacekeepers, Merchant Marines, or Ferry Command (Coast Guard). Support will be extended to Canadian military families: spouses, widows, widowers, and any dependent children in need. Proof of military service or affiliation is required.

The VAFB continues to support Veterans and their families, and we need your help to restock our shelves!

After the holidays, many essential items are in short supply:

- 🛒 Non-perishable food (canned goods, pasta, rice, etc.)
- 🧴 Toiletries (toothpaste, deodorant, shampoo)
- 🍼 Baby supplies (diapers, formula)
- 🧤 Warm clothing (new socks, gloves, hats)
- 📅 Drop off your donations during our regular hours.  
<https://veteransassociation.ca/contact-and-locations/>
- 🤝 Every item makes a difference in the lives of those who have served. Let's unite as a community and show our Veterans they are never forgotten.

Chris Casey & Kees Kikkert

Following Chris's presentation, he was presented a small gift of our appreciation as noted to the right.

To the right we have a fine looking group waiting for dinner. LtoR: Rob Bacchus, Don & Norma Martin, Marilyn Comeau, Barb Husky, Garry Olshewski, Bruce Comeau & Wally Husky

### LAUGH:

Horses have lower divorce rates. It's because they are in stable relationships.

The aforementioned table were first to line up for another wonderful meal from the Woodvale kitchen staff. We were also honoured to have two Vets from Red Deer Division join us. From all accounts, everyone really enjoyed the meal.

*Left side: Banquet Manager Sandra, Bruce Comeau, Ross Hogg, Bill Donahue, Linda Plomp.  
Right side: Chef Mann, Norma Martin, Garry Olszewski, Wally Husky*

### **ANOTHER LAUGH:**

Every morning I get hit by the same bicycle .....  
It's a vicious cycle.

Jerry Forst sent me the photo to the left. It is believed to be a photo taken at the old "K" Division HQ's on 101A Ave and 95A St. (Grierson Hill), Edmonton around 1952. There is obviously an inspection taking place. Should anyone have more information on, I would love to hear from you at the email address on page # 8.

Thanks again to Jerry Forst for this information. Should anyone wish to take a virtual tour of the "now" Depot Division, click on the link, "Complete Tour Video", Depot Virtual Tour | [Complete Tour Video](#). As it states below the video:

- ✓ *Join us as we take you on a virtual tour and give you a glimpse into life at Depot. This complete video tour takes you to a variety of locations at the RCMP Academy, as if it was in person. We will share a little history, a look at modern-day training and what it is like to live at Depot.*

### Thoughts on Aging.....

*"Aging seems to be the only available way to live a long life."*

- **Kitty O'Neill Collins**

*"I was thinking about how people seem to read the bible a lot more as they get older, and then it dawned on me—they're cramming for their final exam."*

- **George Carlin**

*"The older I get, the better I used to be."*

- **Lee Trevino**

*"You know you're getting old when you can pinch an inch on your forehead"*

- **John Mendoza**

Laziness kills ambition

Anger kills wisdom

Fear kills dreams

Ego kills growth

Jealousy kills peace

Doubt kills confidence

Now read that right to left.

### TEN COMMANDMENTS FOR SENIORS

1. Talk to yourself. There are times when you need expert advice.
2. "In style" are the clothes that still fit.
3. You don't need anger management. You need people to stop irritating you.
4. Your people skills are just fine. It's your tolerance for idiots that needs work.
5. The biggest lie you tell yourself is: "I don't need to write that down. I'll remember it."
6. "On time" is when you get there.
7. You've noticed people your age are much older than you.
8. Ageing has slowed you down, but it hasn't shut you up.
9. You still haven't learned to act your age and I hope you never will.
10. "One for the road" means peeing before you leave the house.

Welcome our New Members as noted above, and we encourage you to join us at our Dinner Meetings.

Further to comments in the December 2024 Newsletter; we are still looking for volunteers to take on the **Newsletter and the Secretary's positions**. In fact, **it is imperative more people come forward and join us on the Executive**. Us old farts that have been there for years and we will need others to eventually take our place. We have a great Division here with great monthly General/Dinner meetings at a wonderful place, Woodvale Community Facility. However, these functions don't happen by themselves. There is work behind the scenes planning them and the elves that decorate the tables each month just before the meetings get going. I reiterate, **it is VERY IMPORTANT that members and/or their spouses to "PLEASE" come forward, join us at the Executive Meetings and see what we do and where you may be able to eventually take on some of the duties!**

I have included the graph below showing the dates of all the Executive and Dinner Meetings held at Woodvale for the rest of the year.

## **Commanding Officer's Message**

After a very busy holiday season, and the beginning of a new year, I want to take a moment to recognize all of the hard work carried out by Alberta RCMP employees across the province. Whether at a front desk or on the frontline, we have continued to uphold the safety and well-being of those we serve.

During the months of December and January, the Alberta RCMP renewed essential community partnerships, proactively combatted property theft, and took the chance to participate in a number of special initiatives and events, including the annual Ribbon Skirt Day.

It can be a difficult time of year following the holidays, but I continue to be inspired by our employees and look forward to all of the great work we'll do together in service to Albertans in 2025.

Respectfully,

Rob

Deputy Commissioner Rob Hill

Commanding Officer of the Alberta RCMP

## **Alberta RCMP renews partnership with Métis Settlement General Council**

In early December, the Alberta RCMP and the Métis Settlement General Council officially renewed our partnership. In April 2013, the original Memorandum of Understanding came into effect, outlining the duties and responsibilities of the Alberta RCMP in providing enhanced policing services to Métis Settlement communities. In preparation of a new agreement, for the past year, the Alberta RCMP has been working with the Métis Settlement Councils to understand the specific needs of their communities. As a result, enhanced policing positions for Métis Settlements are a part of the new agreement.

Our Métis Community Liaisons work closely with Métis Leadership on recruiting and crime prevention initiatives specific to the Métis community. Building and maintaining positive relationships with community stakeholders is crucial for the organization's mandate and service delivery.

### **Airdrie RCMP combat theft during proactive holiday patrols**

On the evening of December 23, Airdrie RCMP engaged in proactive holiday patrols in the city's South Main Street shopping district. After a traffic stop was initiated due to a suspicious vehicle, officers located contraband tobacco. A further search was initiated which resulted in approximately \$3,300 of stolen merchandise, illegal drugs, and weapons to be revealed.

The following was seized as a result of the traffic stop:

- 105 grams of Methamphetamine
- 24 grams of Fentanyl
- Drug paraphernalia conducive to drug trafficking
- Stolen merchandise
- Contraband tobacco
- Various weapons

Three adults were arrested and charged as a result of the investigation; 45-year-old Joseph Evans of Calgary, Alta., 37-year-old Stephanie Podetz of Strathmore, Alta., and 26-year-old Jordyn Elliot-Thorpe of Calgary, Alta. All are scheduled to appear for associated charges on January 25, 2025, at Airdrie Provincial Court.

## Ribbon Skirt Day

January 4 marked the third annual Ribbon Skirt Day in Canada.

A number of Alberta RCMP employees have proudly been wearing their Ribbon Skirts for the past year at ceremonies and special occasions across Alberta. Ribbon Skirts represent a direct connection to Mother Earth and are a profound symbol of Indigenous culture, identity, and empowerment.

Advancing reconciliation with Indigenous peoples continues to be a priority for the Alberta RCMP, built on acknowledging past harm, listening with respect, and taking positive actions to improve our shared future.

## Sirens for Life

Many Alberta RCMP members and employees rolled up their sleeves for the Canadian Blood Service's annual Sirens for Life campaign. Canadian Blood Services needs 450 new donors every day to meet Canada's growing demand for blood, and many of our own rose to the occasion to help fulfill this need.

Our employees embraced the campaign alongside other emergency responders, making a difference together to help meet the need for blood in Canada.

S/Sgt. Brent Meyer gets special recognition for his outstanding achievement of having given his 50th donation!

## Operation Cold Start

As the temperature dropped and snow started to fall, the Alberta RCMP once again partnered with law enforcement partners across the province for Operation Cold Start. The initiative is designed to work with the public to reduce the theft of idling vehicles during winter months. This year, the campaign ran from Jan. 20, 2025 to Jan. 24.

Our members went out into the community and performed a variety of tasks to help keep vehicles safe. They checked unattended, idling vehicles to see if keys were in them, and whether or not they were properly secured. Officers also spoke to motorists to educate them on how to keep their vehicles safe.

During the campaign, our members noted there were 504 unlocked vehicles left idling with keys in the ignition and 1,277 locked vehicles left idling with keys in the ignition. Officers interacted with 625 vehicle owners and provided 1,128 information pamphlets.

Actively engaging with the community is a great opportunity to foster a healthy relationship that can benefit both our organization and the public. Initiatives like Operation Cold Start are a great chance to do this.

## Crime Stoppers sign launch

On Jan. 20, the RCMP hosted Crime Stoppers at the Alberta RCMP headquarters in Edmonton to announce Crime Stoppers' new Rural Sign Campaign.

The new campaign aims to bring smaller communities together, raise awareness for Crime Stoppers, and encourage citizens to get involved in their community. It signals that anyone can be a Crime Stopper and contribute to making Alberta a safe place to live, work, and play.

Community partners like Crime Stoppers are a valuable part of ensuring the safety of Albertans. They help report crimes that are occurring in communities across the province, and they also allow tips to come in anonymously, encouraging reports from citizens who may otherwise refrain.

In 2024, tips from Crime Stoppers helped lead to hundreds of charges being laid and millions of dollars' worth of property to be recovered.

Crime Stoppers is committed to working with rural jurisdictions and Indigenous communities to place signs in high traffic locations. The City of Wetaskiwin and Piikani First Nation are already Crime Stoppers Communities, and the organization is in talks with other communities, as well.
