### E-Pilot Electronic Expanded Recycling

I received an award on behalf of PRWM for 7<sup>th</sup> place in the amount of tonnage collected in Alberta from Alberta Recycling Management Authority. This is fantastic news and everyone within the Paintearth County should be proud in taking a leader role in Electronic Recycling.

Basically, any Household item with batteries or has a power cord can be recycled and should be placed into cages provided on site and NOT in the garbage bins.

Thank you and keep up the great work.

### Mattresses and Box Spring Recycling

A container of Recyclable beds has just recently been shipped out to the processor in Taber. There were 92 total pieces with a total weight of 2300kg (5070lbs). Diverted from Landfill and saved 1541 CUFT of space.
