

**IMPORTANT
NATURAL GAS PROJECT 2017/2018
JOCKO POINT – LOWER BEAUCAGE SUB (Margaret Dr)
March 7, 2018**

**Aid to Construct Fee – Promissory Note – Electronic Transfer
of Funds**

To all residents of Jocko Point and Lower Beaucage Sub (Margaret Dr) we still have not received all Promissory Notes from the homeowners that have connected to the natural gas service.

If not submitted the loan options will no longer be an option. Payment will be required in full. Note must be signed by the homeowner(s) not the tenant(s). We ask that you please call to confirm so that the loan options can still be considered.

A notice Electronic Transfer of Funds (EFT) was mailed last Friday March 2, 2018. For those selecting the loan options please complete and return as soon as possible. The full payments will be due no later than April 1, 2018 and monthly installments will commence April 1, 2018.

We have not reached the 70% connection rate but as agreed the aid to construct will be set at the 70 % fee of \$1,989.87.

For the homeowners that would like to connect to the services, this still can be done this year. Please contact Tom Lambert for more information.
