

TEACHER'S REPORT

As educators we see the image of the child as Mighty Learners and Citizens!
I/we are **participating** I/we are engaging with others. I/we are listening to and sharing ideas, thoughts, and feelings. I/we are negotiating, taking turns, and observing.

"It is not about the blocks or the dough. It is about the activity being the vehicle for the acquisition of dispositions to learn."

Our preschool year is winding down and many of our preschoolers will be off to kindergarten in the fall.

We thank you for entrusting your child to us this year. We have enjoyed working with all the children in our care and have seen such growth in their development. We have also witnessed how the children have grown in the way they deal with frustration and the care and concern they express for one another.

We encourage you, as parents, to remember and support your child's learning through play and discovery. This is the best way for our early learners to meet their outcomes for their future learning.

Sincere thanks to everyone who has helped make our school year successful. We feel a close partnership with our parents and send you our "Best Wishes."
We wish you all a fun and safe summer and all the best to those students who will be moving on to kindergarten. For the returning students and families, we look forward to seeing you again next year for your child's continued early learning.
